A.S.B. Constitution Day Is Coming Soon

B. C. STUDENT COUNCIL CONSTITUTION

There exists a time in every student's life when one must decide who he is and whether he can function as a mature adult in society. The Constitution of the B.C. Student Council, a group of educated individuals assigned to the University of Idaho, is here to serve as a guide to its members. This Constitution is designed to give B.C. students a voice in the decision-making process, and it outlines the roles and responsibilities of each member. The Constitution is currently in its fifth year and is expected to remain in effect for four more years. The Constitution is a vital tool that helps to ensure the success of the B.C. Student Council.

B.J.C. REPRESENTED AT CONFERENCE

Approximately 70 students representing different colleges in Washington State attended a Student Christian Association Conference April 6 and 7 at the University of Washington, which was planned by Washington State Student Christian Association and through the generosity of the Student Christian Association of the University of Washington. The conference was held at the new $40,000 campus of the University of Washington.

Schools represented besides Washington State College were the University of Montana at Missoula, Whitman College at Walla Walla, and Idaho State College in Pocatello, all represented by Helen G. Smith, dean of women.

The Boise Junior Student Council at the University of Idaho will host the next conference, and the Boise campus is expected to be the site of a similar conference next year.

MARGIE JASMIN, LEW KARCKE TAKE LEADING PARTS IN PSYCHOLOGICAL DRAMA FILMED WITH TENSE MOMENTS

The curtain of the last major play to be presented at the Boise Junior College this season, will ring up at 8:35 tonight. The play, which will be presented in the college auditorium, is a psychological drama written and produced by a high school student, and it will be performed by a group of unaccredited characters from the school's back yard. The "Kind Lady" is an intrinsically innovative program, written and performed by students. It is the story of a man who has reached a moment in his life when he becomes a nightmare of introspection.

Margie Jasmin and Lew Karcher will play the leading roles. Supporting roles will be taken by George O'Neill, Dorothy Haverty, Rosemary Hill, Nancy Martin, Virginia Lewis, Ferre Wendle, Pat Sciosa and Betty Brown.

Directors of this dramatic production are Harold Wrennstrom, Boise Junior College dramatic coach, and Jack Evans, student director.

Glen Lewis is in charge of the technical work, and the stage crew are Richard Clark, George O'Neill, John Martin, and the girls' dressing room was the costume mistress. Miss Apt is the costume mistress. Albert Gilford is handling the makeup for the show.

Barber Cooper is the business manager for the production. Advertising is being handled by Marjorie Murphy, Margaret Staples, Charles Mayers and Ferre Wendle. The stage crew are, Jack Evans, and the show will be directed by Albert Gilford.

In addition to keeping the ball rolling and coming up with ideas, Margaret Staples, the costume mistress, is also handling the makeup for the show. Albert Gilford is the makeup man.

YOUR ANNUAL WILL BE PUBLISHED

This year’s edition of “Les Boks,” the BJC yearbook, will be late. It must now be finished by the class of ‘48 and will be mailed to the students as soon as it is ready. Before you sit back in your chair and begin to gripe, think how far along you would be if the task had been dropped in your lap. And, in the way that you have done to assist the members of the “Les Boise” staff, if you have your photographs taken at the right time or are you one that “Never got around to it.”

A late start, several changes in editors, and an inadequate (though well meant) job of the few of the obstacles encountered that have served to set back the date of publication. But a determined editor has been taken the job and will see it through.

WHEN THE GREEN GETS BACK IN THE TREES

We sat at the typewriter and pondered. The pressing problem was to find some fascinating "How the Green Gits Back in the Trees" to be read in the green pages. We thought that some of the couples seen at the College of Idaho dance could make a good story.

Some of the couples seen at the Cot. were: John Billing and Shirley Kerwin; and Bill Johnston and Betty Hall; and Darlene Nelson and Betty Hall; and Darlene Nelson and Betty Hall.

We sat at the typewriter and pondered. The pressing problem was to find some fascinating story to relate while taking various annual pictures. For example: A certain BJC student was taking pictures at the beach ball center and she asked Mr. Ludwig taking her picture. And she also had to take some penillant shots that they refused to let Mr. Ludwig take that certain picture. In my native way, I asked why. Now I know better.

Mr. Ludwig has some very interesting stories to relate while taking various annual pictures. For example: A certain BJC student was taking pictures at the beach ball center and she asked Mr. Ludwig taking her picture. And she also had to take some penillant shots that they refused to let Mr. Ludwig take that certain picture. In my native way, I asked why. Now I know better.

Mr. Ludwig has some very interesting stories to relate while taking various annual pictures. And she also had to take some penillant shots that they refused to let Mr. Ludwig take that certain picture. In my native way, I asked why. Now I know better.

JERRY KING speaks Sundays speaking through loudspeakers. I think he should be writing this group column since not Jerry, put down that gun you’re just joking.

IT was 20 degrees below 0 as least, the wind was blowing at a0 mile, and, lung, who should be sitting on the white beach of state park around 7 p.m. having a picnic but the following formula for polishing and cleaning dirty saddle shoes. Take steel wool, white polish and plenty of elbow grease and start working.

Ken Power belivers in taking courses by remote control, while Jimmy Husee prefers the absent treatment.

Camping was to find some fascinating story to relate while taking various annual pictures. VETERAN'S QUIZ

ON GI INSURANCE

Q. What is the difference between term and contrasted insurance?
A. Term insurance is a policy that only pays if death occurs within a certain period. Contrast insurance pays if death occurs at any time, but only if it occurs within the policy period. The policy period is written in the policy.

Q. Next premiums paid in the event of a lengthy illness?
A. If the policyholder is totally disabled for six or more consecutive months, he may apply for a waiver of premium. If approved, the insurance will be kept in force without further payment of premiums until he is reemployed.

Q. How much of this insurance may the veteran buy?
A. If he meets the health requirements, any World War II veteran who had service between October 8, 1940 and June 2, 1944 may purchase up to $1,000 of NISL insurance by any Government-authorized insurer at the rate of 50 cents per $100 of coverage.

Q. When will regular insurance policies be issued to replace the $700 certificates?
A. They will be distributed when VA loan offices can handle the sales and work without interfering with their primary purpose of giving more important service to those who are losing that insurance.

For further information contact your nearest Veterans Administration office.

VALKYRIES HOLD INITIATION FOR NEW PLEDGES

After a week-end spent in washing windows with a toothbrush, and looking for such things as watermelon rinds, the 27 pledges of the Valkyries windowed with a tooth brush, and looking for such things as watermelon rinds, the 27 pledges of the Valkyries
