Welcome to Boise State University's 2011 Spring Commencement. This occasion is your chance to celebrate your success and your future. The challenges are ahead of you, but you have been trained and equipped. Another important step in your education.

To the graduates, we are very proud of you and consider you to be an essential part of continuing to improve the academic excellence and reputation of Boise State University. You have made us proud as you display your knowledge and talent. You take pride in your alma mater. Boise State University.

The value of the degree you will receive today gives the supporting role you have played in your education. You have contributed your time, effort, and support; this education may not have been possible without you.

Finally, let us all remember that learning does not end with graduation. It is a lifelong pursuit of knowledge, enrichment and a meaningful life.

Thank you for placing your trust in Boise State University for your higher education aspirations. On behalf of the faculty, alumni, staff and students, let me be the first to offer heartfelt congratulations and best wishes for a bright future.

Sincerely,

Bob Kustra
President
Boise State University

SATURDAY, MAY 14, 2011
PRESIDENT'S MESSAGE

Welcome to Boise State University's 2011 Spring Commencement. This ceremony, in your honor, is our University's finest hour. Your years of hard work and dedication have paid off. The challenges set before you have been met after enduring countless late nights, lectures and exams. Another impressive class of Broncos is ready to make its mark on the world.

To the graduates, we are very proud of you and your accomplishments, and we are committed to continually improving the academic profile of Boise State to ensure that you take pride in your alma mater. Boise State University is on the map and on the move. The value of the degree you will receive today will grow along with our reputation as a metropolitan research university of distinction.

To the loved ones of the graduates, take pride in the accomplishments being recognized today given the supporting role you have played in the lives of our graduates. Without your love and support, this celebration may not have been possible at all.

Finally, let us all remember that learning does not stop with graduation. The noble, lifelong pursuit of knowledge, enrichment and enlightenment is critical to a full and meaningful life.

Thank you for placing your trust in Boise State University for your higher education aspirations. On behalf of the faculty, alumni, staff and students, let me be the first to offer a heartfelt congratulations and best wishes for a bright future.

Go Broncos!

Sincerely,

Bob Kustra
President
Boise State University
With record student enrollment, new academic buildings, additional degree programs and an expanding research portfolio, Boise State University is The New U Rising. Growth in all these areas has been the defining characteristic in recent years for the largest university in Idaho.

Boise State is in the midst of a transformation that nurtures its traditional teaching strengths while expanding its capabilities in research and scholarly activity. This is not a revolution, but instead an evolution that reflects the integral part Boise State plays in contributing to the quality of life in the Treasure Valley and beyond.

The campus community has embraced this opportunity to grow, change and flourish. Boise State is establishing itself as a university distinct in the West with the implementation of its Charting the Course strategic vision, Campus Master Plan for facilities, and Initiative for Athletic Excellence.

Boise State has embarked on a mission to become a metropolitan research university of distinction. Its efforts are focused on:

- Providing a quality undergraduate experience
- Offering more graduate programs
- Enhancing and expanding its research mission
- Forging partnerships that contribute to regional growth and development
- Providing a center for cultural and intellectual exchange that enriches the community

Boise State's broad range of undergraduate programs and several highly regarded programs at the graduate level make it an institution that can meet the educational needs of many. Boise State features academic programs in seven colleges: Arts and Sciences, Business and Economics, Education, Engineering, Graduate Studies, Health Sciences, and Social Sciences and Public Affairs. Students can study abroad, participate in one of the largest internship programs in the Northwest and work with professors on cutting edge research in a variety of fields.

With an enrollment of nearly 20,000 students, Boise State is a progressive learning-oriented, student-focused university dedicated to excellence in teaching, innovative research, leadership development and community service. These students are benefiting from a renewed emphasis on the undergraduate experience and reaching graduation day better prepared for the challenges of the 21st century.
PROGRAM

Spring Commencement • May 14, 2011 • 10:00 a.m.

Prelude Music ............................................................. Boise State University Symphonic Winds, John King, Director

Processional: *Pomp and Circumstance* ............................................................. Boise State University Symphonic Winds

Audience please stand during the processional.

Presentation of Colors ............................................................. City of Boise Police Pipes & Drums

Audience please stand during the presentation of colors. ROTC Honor Color Guard, Boise State Bronco Battalion

National Anthem ..................................................................................... Boise Police Honor Guard

Audience please stand during the national anthem.

Welcome and Introductory Remarks ............................................................. Robert W. Kustra, President

Welcome from the State Board .................................................................... Milford Terrell

Kenneth Edmunds

Recognition of Emeriti ............................................................. Martin E. Schimpf, Interim Provost and Vice President for Academic Affairs

Presentation of Honorary Doctorate ............................................................. John A. Elorriaga, Recipient

Student Address ............................................................. Tabatha Renz, Bachelor of Science, Health Science Studies

Conferring of Degrees ............................................................. Robert W. Kustra, President

Presentation of Degrees ............................................................. Martin E. Schimpf, Interim Provost and Vice President for Academic Affairs

Hooding of Doctoral Candidates ............................................................. Janet Downs, Ed.D. Curriculum and Instruction

Emily Louise Gibson, Ed.D. Curriculum and Instruction

Donnie Hale, Ed.D. Curriculum and Instruction

Darlene Helene Hartman-Hallam, Ed.D. Curriculum and Instruction

Qawi lbnZayd Harvard, Ph.D. Electrical and Computer Engineering

Dianna Hooley, Ed.D. Curriculum and Instruction

Kristina Luckey, Ed.D. Curriculum and Instruction

Eun Kyoung Yu, Ed.D. Curriculum and Instruction

Graduate College ............................................................. Jack R. Pelton, Dean • Alfred Dufty, Associate Dean

College of Arts and Sciences ............................................................. Tony Roark, Associate Dean

Leslie Durham, Associate Professor, Theatre Arts

College of Business and Economics ............................................................. Patrick Shannon, Dean • Kirk Smith, Associate Dean

College of Education ............................................................. Diane Boothe, Dean • Ken Coll, Associate Dean

College of Engineering ............................................................. Amy J. Moll, Interim Dean • Janet Callahan, Associate Dean

College of Health Sciences ............................................................. Tim Dunnagan, Dean

Sarah Toevs, Professor, Community and Environmental Health

College of Social Sciences and Public Affairs ............................................................. Melissa Lavitt, Dean • Shelton Woods, Associate Dean

Professional Technical Education ............................................................. Marilyn Moody, Dean of University Libraries

Closing Music: *You are the New Day* by John David ............................................................. Meistersingers, directed by Linda Schmidt

Recessional and Honor March: *Golden Jubilee* ............................................................. Boise State University Symphonic Winds

Audience please stand during the recessional.

Reception to follow on the Intramural Field adjacent to the Appleton Tennis Complex.
GOVERNANCE AND ADMINISTRATION

GOVERNOR OF IDAHO
The Honorable C.L. “Butch” Otter

STATE BOARD OF EDUCATION
BOARD OF TRUSTEES FOR BOISE STATE
Richard Westerberg, President, Preston
Kenneth Edmunds, Vice President, Twin Falls
Don Soltman, Secretary, Twin Lakes

JOHN A. ELORRIAGA embodies Boise State University’s mission of public engagement. An avid supporter of education in the Northwest, he is a past recipient of the University’s Distinguished Alumni Award.

Mr. Elorriaga is the son of Basque immigrants who ran a boarding house in Jordan Valley, Oregon. After serving in the U.S. Air Force, John attended Boise Junior College (BJC) and became student body president in 1948 and graduated in 1949. He later earned degrees from the University of Oregon, University of Pittsburgh, and the Pacific Coast Banking School at the University of Washington.

He began his banking career at U.S. National Bank of Oregon (which later became U.S. Bancorp) and ultimately was named chief executive officer. Mr. Elorriaga’s belief in education has been evident throughout his career. He taught classes at the American Institute of Banking, Multnomah College and Portland State University. Additionally, he has served on advisory boards for Boise State University and the University of Oregon.

Of his BJC experience, he was strongly influenced by three professors, whom he later honored by establishing fellowships in each of their names. Mr. Elorriaga credits the scolding that one of those professors gave him in 1948 as the event that provided him with the spark to succeed as a businessman and a civic leader.

“I was trying to [slough] through and she called me into her office... She told me I was mentally lazy and that I should get to work...”

“She was hundred percent right. It bothered me so much that I never forgot it all of my life... I think she was a big part of the reason that I became president of the bank. I never forgot what she said, and I worked a lot harder and followed through on things.”

In 1998, he created one of the first endowed professorship programs at Boise State. For 12 years, the Elorriaga Endowed Professorship has continuously provided two three-year professorships. He also established the Ada Burke Endowed Fellowship to recognize exemplary teachers who are active in the business community.

To foster the increasing technological needs of students and faculty, Mr. Elorriaga assisted in creating a state-of-the-art electronic meeting room, named the Hewlett Packard and John Elorriaga Technology, Testing, and Innovation Lab. Additionally, his support of the Basque Studies program has aided it in becoming the largest university program of its type outside of the Basque Country.

Mr. Elorriaga has provided leadership to many community and professional organizations at local and national levels, including the Boise State University College of Business and Economics Advisory Council, American Bankers Association, Idaho Power Company, the Institute for Public Affairs Research, United Way, Leukemia Society of America and the Oregon Shakespearean Festival Association. Recently, he donated his family home for the ION (Idaho, Oregon and Nevada) Center, which serves as a regional museum.

Mr. Elorriaga has received numerous awards for his philanthropy, leadership and humanitarian endeavors. He is the ninth person to receive an honorary doctorate from Boise State.
STUDENT SPEAKER

TABATHA RENZ, originally from Dillon, Mont., is a first-generation college student. She is graduating with highest honors with a bachelor's of science degree in Health Science Studies, maintaining a 3.9 cumulative GPA while partaking in numerous service initiatives.

When Renz was 12 years old, she made a list of things she wanted to accomplish in life. Her goals included graduating among the top 10 in her class, and she can mark that off the list. She is a Boise State University Top Ten Scholar for the Class of 2011.

"Her resume is literally bubbling with the details of her extensive accomplishments in the academic realm, in university, community, state and national volunteerism," said College of Health Sciences professor Jim Girvan in nominating Renz.

"The lives of many in our community and beyond already have been positively impacted through the efforts of this remarkable young woman," he said. "Tabatha's resilience, quiet dignity and emotional intellect serve to typify that which is best in our graduates and humanity as a whole."

Renz recently was appointed by Idaho Gov. C.L. "Butch" Otter to a three-year term as a commissioner for Serve Idaho, the Governor's Commission on Service and Volunteerism. She received national exposure at conferences including the University Presidential Inaugural Conference and the Clinton Global Initiative University.

She led a spring break alternative trip to New Orleans in 2009 to help rebuild the city. She spent one year studying abroad in Prague, Czech Republic, and volunteers with Boise's refugee population through the Agency for New Americans. Her leadership positions have included roles with the Boise State chapter of the National Society of Collegiate Scholars, Volunteer Services Board and Honors Student Association.

Renz will begin an internship with the William J. Clinton Foundation's Clinton Global Initiative in New York City on June 1. Upon her return to Boise, she plans to commit to a term of service with AmeriCorps before attending graduate school, and to develop a program that helps returning combat soldiers reintegrate into their communities and families through volunteer projects.

Renz prides herself on always taking the road less traveled and following her heart. She is grateful for her time at Boise State and looks forward to creating her future.

## COLLEGE OF ENGINEERING

### Bachelor of Science in Materials Science & Engineering
- Joshua Joel Durham
- Casey Jaymes Gaughan *
- Paul Michael Haas
- Timothy Colin Harris
- David Aaron Heazle
- Robert Brack
- William Judy
- Jeffrey Michael McCoy
- Ryan Patrick Mitchell
- Rick David Nielson
- Kjell Johan Ooms
- Andrew David Purin
- Brock E Randall
- Tucker J Robb
- Kristin Amber Schmidt *
- Mark Lewis Sitz
- Mark L Sanderfer
- Martin Christopher Taylor **
- Thomas Andrew Waters
- Timothy J Welch
- Adam Anthony Zavas

### Bachelor of Science in Civil Engineering
- Wil Hansen Bake
- Christopher Allen Barker
- Bryanne Jeanette Calkins
- Dean Orant Cardwell
- Chad Millard Carter
- Richard Karl Davies
- Michael Alan Dupras
- Jared Wade Farrow
- Marilee Jean Foote
- Mckenzie Howard Fox *
- Aaron Kozar Gaipl **
- Crystal Dawn Grasmick
- Corinne Marie Haase
- Jama Lynn Hamel
- John Whitney Hildreth
- Jaime Huerta
- Brooke N Judy *
- David Alvin McLenna III
- Laura J McNinch
- Scott Allan Moreno
- Tyler S Noble
- Joel E Parks
- Aaron John Roberge
- Michael G Slegers
- Jared Hayes Smith
- Erin Lawrence Steel
- Gregory Taddicken
- Alexander M Taylor
- William Joseph Thornton
- Tye Jay Tingey
- Ashley Lorraine Zumwalt

### Bachelor of Science in Construction Management
- Mary E Bevan
- Joe B Coba
- Charles Monroe Dedeker

### Bachelor of Science in Electrical Engineering
- Mohammed Ali AlHajji
- Shane Ball
- Tyler James Brown
- Brent Carl Byron
- Jayme Ray Christensen **
- Timothy A Crothers
- Edward Lynn Epps Jr
- William Richard Grover
- Wayne Conrad Kreimeyer
- Charles Nathan Logan
- David Logan Mather
- Miguel Najera

DOCTORAL GRADUATES

JANET DOWNS, Curriculum and Instruction
Dissertation: Assessing the Value of a High School Mentoring Program
Chair: Scott Willison, Professor, Curriculum Instruction and Foundational Studies

EMILY LOUISE GIBSON, Curriculum and Instruction
Dissertation: School Choice Decisions: A Naturalistic-Constructivist Inquiry into Parents' Perceptions on School Choice and School Improvement at a Pedagogically Progressive Charter School
Chair: Scott Willison, Professor, Curriculum Instruction and Foundational Studies

DONNIE HALE, Curriculum and Instruction
Dissertation: Does Upward Bound Impact Academic Self-Efficacy?
Chair: Scott Willison, Professor, Curriculum Instruction and Foundational Studies

DARLENE HELENE HARTMAN-HALLAM, Curriculum and Instruction
Dissertation: Changes and Choices: Principal Leadership Responsibilities and Student Achievement
Chair: Lawrence Rogien, Associate Professor, Curriculum Instruction and Foundational Studies

QAWI IBN ZAYD HARVARD, Electrical and Computer Engineering
Dissertation: Low Power, High Bandwidth, and Ultra-Small Memory Module Design
Chair: R. Jacob Baker, Professor, Electrical and Computer Engineering

DIANNA HOOLEY, Curriculum and Instruction
Dissertation: Independent Content-Area Reading and High School Students' Learning and Engagement
Chair: Lee Dubert, Associate Professor, Literacy

KRISTINA LUCKEY, Curriculum and Instruction
Dissertation: Measurement of Life Skill Acquisition of the Idaho First Lego League State Tournament Participants Ages 9-14
Chair: Louis Nadelson, Associate Professor, Curriculum Instruction and Foundational Studies

EUN KYOUNG YU, Curriculum and Instruction
Dissertation: Introducing Dialogue Back into the Classroom: Blending Narrative Storytelling in Social Sciences
Chair: Anne Gregory, Professor, Literacy
TOP TEN SCHOLARS

Top Ten Scholars are chosen from among the top 10 percent of Boise State's graduating class of more than 3,000 students for 2010-11. They are selected based on academic performance, recommendation from college deans, and extracurricular and research activities. Each student also honors a Boise State professor who was particularly influential to his or her success. This year's award winners, in alphabetical order, and their honored professors are:

GUISELA BAHRUTH, Guatemala, is a Spanish major who has worked as writer-in-residence at The Cabin literary center in Boise for more than 10 years and has taught Spanish at Foothills School of Arts and Sciences and Riverstone International School. Bahruth presents writing workshops for street children in Guatemala and women and Latinos in the Northwest and publishes their work through her own publishing company. Her writing has appeared in numerous publications including twice in the Idaho Statesman. Her travels have taken her to India for a 100-kilometer walking pilgrimage sponsored by the Boise Hare Krishna Temple and to a Buddhist sanctuary in Costa Rica. She embraces multicultural experiences and hopes to visit Africa soon. For her next challenge, she has been accepted to the graduate program in literacy at Boise State to continue her love of learning.

STEPHANIE BARNES, Boise, is a materials science and engineering major who has been a research assistant with the Nanoscale Materials and Device Group for three years. She was named nanofabrication team lead after her first year and is a Lead Undergraduate Research Assistant. Her research involves DNA nanotechnology using a technique called DNA origami to create nanoscale devices. She received an INBRE summer fellowship in 2009, and placed second in the Faculty Choice Award for her INBRE undergraduate poster at the summer conference. Barnes also presented her work at the Foundations of Nanotechnology international conference in 2010 and 2011. She is a member of engineering honor society Tau Beta Pi and the MSE Club, where she participated in community service and scientific outreach including Rake Up Boise, Discover Engineering Day and Nano Day at Boise's Discovery Center. Next year Barnes will begin the bioengineering Ph.D. program at California Institute of Technology.

DEBRA BONKOSKI, Idaho Falls, is a business economics major with a minor in applied mathematics. In 2009, Bonkoski won a Critical Language Scholarship from the U.S. State Department in cooperation with the Council of American Overseas Research and spent the summer in an intensive Arabic study program in Tunis, Tunisia. She has interned with the Area VI Agency on Aging in Idaho Falls and with the Intermountain Fair Housing Council in Boise. Her tutoring roles include English for adult refugees, Arabic and math at the campus Math Drop-in Center, where she teaches basic algebra through calculus III. Bonkoski serves on the Student Advisory Committee for the College of Business and Economics and is co-president of Boise State's Arabic Club. In June, she plans to move to Ghana, West Africa, to be a junior high school math teacher for the Peace Corps.
CLIFFORD “CLIFF” CSIZMAR, Sandpoint, is a chemistry and pre-med major with a minor in biology who will graduate through the Boise State Honors College. His work on the introduction of modern instrumentation into chemistry laboratories has been published in the *Journal of Chemical Education*, and he has presented his work on the development of a convergent aziridinomitosene synthesis at local, regional and national conferences. His presentations have garnered an INBRE Choice Award as well as several travel awards. Csizmar is a founding member of the Boise State Paintball Club and is president of the Chemistry Club, which has been involved with several community outreach projects both on and off campus. While in school, he has worked at a local technology start-up, pSiFlow Technology Inc., and volunteered at the Boise Watershed Environmental Education Center, teaching water safety and responsibility to children. Upon graduation he plans to attend medical school.

CADE HULBERT, Boise, is a psychology major who, through the Ada County Sheriff’s Office, tutors inmates studying for the GED. He is a two-year recipient of the Psychology Department Scholarship and is a member of both Psi Chi, the international psychology honor society, and the National Society of Collegiate Scholars. As current president of the Boise State Psi Chi chapter, Hulbert has participated in Rake Up Boise and Paint the Town. He also organized fundraisers to help undergraduates travel to conferences. His own research was presented at the 2010 Rocky Mountain Psychological Association Conference and the 2010 Boise State Undergraduate Research and Scholarship Conference. He will share his current research at the 2011 Rocky Mountain Psychological Association Conference this month. Hulbert’s extracurricular volunteerism has included time with the Boise VA Medical Center, the Epilepsy Foundation of Idaho and the Ada County Sheriff’s Office. His future plans include becoming a deputy with the Ada County Sheriff’s Office, where he hopes to eventually work as a detective.

LILIA JUAREZ, Mexico and Rupert, is a psychology major and recipient of the Lightfoot Foundation and Psychology Department scholarships. She also participated in the McNair Scholars program and the Honors College. Her research led to an article titled “Drive for Muscularity and Drive for Thinness: The Impact of Pro-Anorexia Websites,” which is currently under review for *Eating Disorders Journal*. Juarez is a member of Psi Chi and the Association for Psychological Science and volunteers at Interfaith Sanctuary. She currently is a teaching and research assistant to Mary Pritchard (TA health and social psychology, RA independent research projects), Kimberly Henderson (TA psychology 101), and Teresa Taylor (RA in her research project). She will present at the Western Psychological Association annual conference and the Boise State Undergraduate Research and Scholarship Conference. Juarez plans to begin a graduate program in developmental psychology this fall.

JAMES “JIMMY” MATSUURA, Blackfoot, is a respiratory care major who currently is employed as a registered respiratory therapist at Saint Alphonsus Regional Medical Center, where he is involved in an ongoing quality improvement project that works to enhance respiratory care for patients with acute spinal cord injuries. Matsuura led and conducted an original study on adult mechanical ventilation, which was accepted and published in *Respiratory Care Journal*. He presented his research at the 2009 American Association for Respiratory Care International Conference and the 2010 Boise State Undergraduate Research and Scholarship Conference. Matsuura is a member of the Boise State Honors College and served as both vice president and president for the Boise State Respiratory Care Students group. In addition, he volunteered for the Idaho Food Bank and the Boise Bicycle Project. In the future, he plans to advance his knowledge as a respiratory therapist at St. Al’s and eventually pursue an advanced medical degree.
MO NGUYEN, Vietnam, is a mechanical engineering major who moved to the United States at the age of eight and attended an English as a Second Language program through sixth grade to learn English. Nguyen's many awards include the National Science Foundation Scholarship and the NASA Idaho Space Grant Scholarship. As an intern, she led students at the NASA Langley Research Center to resolve issues on a rapid prototyping technology project called Electron Freeform Fabrication. She was one of six students out of 300 chosen to present her work at NASA Headquarters in Washington, D.C. Nguyen is a member of the Boise State Honors College and the engineering honor society Tau Beta Pi. Through her lead position with the NASA Microgravity Outreach Plan, she helped coordinate, design and teach a six-week class to underrepresented Caldwell High School students to encourage them to pursue higher education in STEM (science, technology, engineering and mathematics) fields. She plans to pursue a career in space exploration and earn a master's degree in mechanical engineering.

ALEXANDRA ORNELAS, Emmett, is a sociology major with minors in Mexican American studies and Latin American and Latino/a studies. As a McNair Scholar, Ornelas conducted research and made presentations at conferences including the 2010 Pacific Sociological Association Annual Meeting and the 2009 Pacific Northwest Regional Conference of the National Association for Chicana and Chicano Studies. In 2010, she was selected to participate in the Summer Research-Early Identification program at Stanford University. She was a teaching assistant for courses including social problems and racial and cultural minorities, and she serves on the community advisory board for the Idaho Partnership for Hispanic Health, which is a multi-organizational partnership that identifies key health concerns in the Latino community in Idaho. After graduation, Ornelas plans to attend graduate school to study education and Mexican-American studies.

TABATHA RENZ, Dillon, Montana, is a health science studies major and a first-generation college student who recently was appointed by Idaho’s governor to a three-year term as a commissioner for Serve Idaho, the Governor’s Commission on Service and Volunteerism. Renz received national exposure at conferences including the University Presidential Inaugural Conference and the Clinton Global Initiative University. She spent one year studying abroad in Prague, Czech Republic and volunteers with Boise’s refugee population through the Agency for New Americans. Her leadership positions have included roles with the Boise State chapter of the National Society of Collegiate Scholars, Volunteer Services Board and Honors Student Association. Renz plans to commit to a term of service with AmeriCorps before attending graduate school and also will focus on developing a program to help returning combat soldiers reintegrate into their communities and families through volunteer projects.
HONORS COLLEGE

The Honors College offers exceptional undergraduate students a challenging interdisciplinary curriculum and a rich array of co-curricular activities. Those who have completed the prescribed course of study and have at least a 3.5 GPA graduate with honors. Distinguished Honors may be granted to a student whose record of Honors College activities and community service indicates outstanding performance.

DISTINGUISHED HONORS

Stephanie Lee Barnes
BS in Materials Science & Engineering

Clifford Michael Csizmar
BS, Chemistry and Pre-Medical Studies

Tess A Grover
BA, English, Literature Emphasis and Psychology

Kathleen Hamilton
BA, English, Literature Emphasis

Sara Marie Hartje
BS, Psychology

Stephen Heleker
BA, Communication

Rebecca Ann Joslin
BA, Political Science and Spanish

Lilia Juarez
BS, Psychology

Jennie Collier LaPorte
BS, Health Science Studies

Benjamin Gordon Larsen
BA, Political Science, International Relations Emphasis

Mo Nguyen
BS in Mechanical Engineering

Tabatha A Renz
BS, Health Science Studies

Raymond Tyler Rowe
BS in Electrical Engineering

Ian James Turner
BA, History

Ryan Warburton
BBA, General Business & Human Resource Management

HONORS

Kristi Lynn Bercier
BS, Exercise Science, Fit Evaluation and Programming

Diana M Cox
BA, Political Science, American Government and Public Policy Emphasis

Danika Celeste Friedley
BS, Exercise Science, Fit Evaluation and Programming

Mark Jasper Gehrke
BA, Political Science, American Government and Public Policy Emphasis

Shanna Gail Hagenah
BA, Communication and Spanish

Adam H Hall
BS, Health Science Studies

Sarah B Holman
BA, English, Literature Emphasis

Charles Chase Wayne Johnson
BA, History and Political Science, International Relations Emphasis

Brooke Elizabeth Jane Kelly
BS, Biology, Zoology Emphasis

Rikki M Peck
BS, Nursing

Laura Susanne Ritchie
BS, Nursing
DISTINGUISHED PROFESSORS

This title constitutes the highest honor Boise State University can bestow on its faculty members. The honor is reserved for a very small number of faculty who were selected for their major contributions to their academic disciplines and for their promise of future achievement.

Leslie Alm
Public Policy & Administration

Alm has served as chair for both the Political Science Department and the Department of Public Policy & Administration, director of the MPA graduate program, member of the university’s Northwest Accreditation team, and more. His services outside Boise State includes the editorial board for American Government Data Base, Western Social Sciences Association executive council and manuscript referee and editorial board member for 10 professional journals. His research on how science informs environmental policy has had significant impact on national policies. He received his Ph.D. in political science and M.A. in educational administration from Colorado State University and a B.S. in engineering from the U.S. Military Academy, West Point.

Matthew J. Kohn
Geosciences

Kohn’s research expertise includes development and use of geochemical techniques to investigate paleoclimate, paleobiology and mountain building. He has written numerous highly cited papers in top scientific journals and has edited two books in geochemistry and mineralogy. He is a member of five professional societies, currently serves an elected official in the American Geophysical Union, and is a fellow in the both the Geological Society of America and the Mineralogical Society of America. Kohn received his Ph.D. and M.S. in geology from Rensselaer Polytechnic Institute and his B.S. in geology from the Massachusetts Institute of Technology.

Gary F. Moncrief
Political Science

Moncrief’s research on state legislatures, campaigns and elections has established him as a leading authority on state government. He has authored or edited five books and over 50 journal articles and book chapters, and is a frequent speaker at national and regional meetings of state officials. In 2004, he was the recipient of the Foundation Research Scholar Award. Moncrief holds a Ph.D. in political science from the University of Kentucky. He received his undergraduate degree from the University of California, Santa Barbara.
Julia Thom Oxford
Biological Sciences

Recent research by Julia Thom Oxford helped in discovery of an important mechanism in the process by which bones build and maintain strength and elasticity. Since arriving at Boise state in 2000, she has helped forge an interdisciplinary Ph.D. program, brought in high-level grants, co-directed the Musculoskeletal Research Center and initiated and directs the Biomolecular Research Center. She is a member of several professional societies, including American Society for Bone and Mineral Research and Mountain States Tumor and Medical Research Institute. Oxford received her Ph.D. and M.S. in biochemistry and biophysics from Washington State University and her B.A. in chemistry and biology from Linfield College.

Alex Punnoose
Physics

Alex Punnoose's major areas of research focus on nanotechnology and include nanoparticle-based cancer and antibacterial therapies, spintronics, nanotoxicology and nanosensors. Beyond his own department, he has served on graduate thesis committees and won joint research grants with faculty across disciplines, and he has been involved in curriculum development and more than four graduate programs on campus. He is the recipient of the 2007 Foundation Scholar Award for Research. Punnoose received his Ph.D. and M.S. in physics from Aligarh University, India, and his B.S. in physics from the Mahatma Gandhi University, India.

Gregory A. Raymond
Political Science

Raymond holds the Frank and Bethine Church Chair of Public Affairs and was named the 1994 Idaho Professor of the Year by the Carnegie Foundation. The recipient of the Foundation Scholar Awards for both research and teaching, he has published 16 books, over 100 articles, and has lectured in 22 countries on foreign policy and world politics. He has also won nine awards for teaching excellence and was a Pew Faculty Fellow in International Affairs at Harvard University. Raymond received his Ph.D. and M.A. in international studies from the University of South Carolina and a B.A. in political science from Park College.
EMERITI FACULTY

For meritorious service to Boise State University, the following retiring faculty are being recognized as part of today's commencement ceremony.

**Devan Cook, Associate Professor**
English Department
14 years of service

**James Girvan, Professor/Dean**
College of Health Sciences
12 years of service

**Rena Sanderson, Professor**
English Department
27 years of service

**Kathleen Rohrig, Associate Professor**
Mathematics Department
28 years of service
The Commencement exercise is a fitting conclusion to a successful academic career and earning of a university degree. The ceremony is based on 800 years of academic tradition handed down from European universities of the Middle Ages. Commencement ceremonies, with their academic gowns, mortarboards, tassels, hoods and maces, are colorful, festive and dignified. It is a ceremony to recognize the successes of the University and the students who merit degrees.

**ACADEMIC PROCESSION**

The academic procession is a featured part of the commencement program—a symbolic declaration that all members of the academic community are bound by a common purpose and shared commitment to the ideals of higher education, including the search for meaning, truth and understanding.

The presidential party—the president, the provost, the vice presidents, and deans—is led by a mace bearer, who is a faculty member and the president of the faculty senate.

**THE MACE**

The mace, generally made of wood and clad in metal, was used as a weapon during the Middle Ages. The mace has evolved into a symbol of authority and is carried at commencement and at ceremonies where honors or degrees are to be awarded.

**ACADEMIC ATTIRE**

The caps, gowns, and hoods in the processional are symbolic of the Middle Ages. Because universities developed from church schools, both faculty and students were regarded as part of the clergy and wore clerical clothing based on monastic dress.

The traditional hat developed from the skull cap worn in cold weather. In Europe, a bonnet with tassel is still worn, but in America it has been replaced by the mortarboard cap or tam with tassel. The bachelor's gown, with its long, pointed sleeves, is worn closed. The master's gown has an oblong sleeve open at the wrist; the rear section is square cut. The doctor's gown often was furred, a decoration that survives today as the velvet on the front and sleeves.

The tassel colors seen in the processional correspond to the field of study.

**THE MASTER'S HOOD**

The academic hood was originally worn over the head in bad weather. Now, it is added to the apparel of those who earn master's and doctoral degrees.

The colors on the hoods represent two things: the wearer's Alma Mater and the department of learning. The silk lining is in the colors of the college or university granting the degree. The velvet trim is the color that represents the departments of learning in which the degree was obtained.

The master's hood, presented by Boise State University's Graduate College, displays a blue and orange chevron, denoting the University's colors. The color of the velvet border represents the field of study in which the degree is awarded.

The tassel colors seen in the processional correspond to the field of study.
ANNOUNCEMENTS

Guests and family members must remain in the seating areas during the entire ceremony, including the processional and recessional, and will not be allowed on the arena floor.

Elevators are available at Entrances 1 and 2.

For medical emergencies or care, please check with ushers.

Immediately following the ceremony, faculty and graduates will proceed in the recessional through the Honor March to the reception on the Intramural Field adjacent to the Arena and the Appleton Tennis Center. Each college will have a specially designated area where family and guests can meet graduates.

The Boise State University Spring Commencement ceremony will be broadcast on Channel 11, Public Access TV on Saturday, May 21, 2011, at 10:00 a.m.

The Boise State University Bookstore will be selling DVD's of the ceremony beginning in June. Additional information can be found on their website http://www.boisestatebooks.com/.

ACKNOWLEDGEMENTS

The Recessional music, "Golden Jubilee," was composed by Dr. Mel Shelton, Professor Emeritus, for Boise State University's 50th Anniversary (1982).

The Commencement Committee expresses its special appreciation to John Carpenter of John Carpenter's Flowers for providing the flowers for the ceremony; Noah Bard of PSI and his crew for furnishing the audio/visual/lighting for the ceremony; and Leslie Pass, Ron Janeczko, Shannon Reed and the Taco Bell Arena staff whose hard work and dedication make the ceremony run smoothly.

A special thanks goes to Ann Price, Special Lecturer, Theatre Arts, and Richard Klautsch, Professor and Department Chair, Theatre Arts, for the monumental task of reading the names of each graduate.

The honor color guard is provided by the Cadet Bronco Battalion, Army ROTC, Boise State University under the direction of MSG Jason Larsen. Color guard members are CDT Billett, CDT Colledge, CDT Hervey, and CDT Garrett Wattier.

City of Boise Police Pipes and Drums consists of Boise Police Officers and volunteers. They are under the direction of Sgt. Rob Gallas.

Boise Police Honor Guard members are Jared Bish, Casey Hancuff, and Mike Riley.

DISCLAIMER

The listing of graduates, degrees, and academic honors in the program are preliminary and subject to final degree requirement evaluation. The posting of the earned degree on the official transcript record in the Registrar’s Office remains the official testimony of possession of the degree.
OUR JOURNEY TO DESTINATION DISTINCTION

Destination Distinction: The Campaign for Boise State University is Boise State's $175 million fundraising initiative launched in August 2007. The comprehensive campaign will transform Boise State into a metropolitan research university of distinction, provide unparalleled opportunities for students and improve the quality of life for all Idahoans.

The campaign focuses on three areas: People, places and programs. Boise State's students, faculty and staff (people) are our motivation and our most critical resource. New buildings, labs and other facilities (places) will enable us to impart knowledge and share in discovery. Exceptional academics and an enhanced research agenda (programs) will help us to achieve distinction.

Meeting these goals requires a broader base of support. Achieving and sustaining this level of greatness requires a commitment from our alumni, supporters and community partners.

Destination Distinction: The Campaign for Boise State University is spearheaded by University Advancement and the Boise State University Foundation. A nonprofit Idaho organization, the Foundation serves as the custodian for donations to the university and assists with fundraising. With generous help from individuals, corporations and foundations, we can achieve the goals of Destination Distinction and take Boise State to unprecedented heights.
