Associated Students of Boise Junior College
Blood Drive Here Tomorrow

Boise, Idaho, January 19, 1960

Bloodmobile to arrive here tomorrow at 1100 A.M.; will remain 'til 3 P.M.

Big Turnout Expected By Intercollegiate Knights; Bob Peterson, Chairman

The Intercollegiate Knights have embarked on their biggest project of the year in getting the Red Cross to allow Boise State College to have a Bloodmobile on campus. This project is one of the most worthwhile programs a club could produce.

The IK's main goal is to beat the University of Idaho on a percentage basis. The students of the University of Idaho worked with the Bloodmobile and got 50% of the student body participated. This figure has given them the top rating in the nation for the number of pints of blood received from a single school. But the IK's hope the U. of I. will feel their efforts are not enough and that they will make an effort to beat the University of Idaho's record. Let's help them, the IK's hold true to their story of giving a pint of blood to tomorrow.

The Bloodmobile will arrive at the school at 11:00 tomorrow morning and will set up in the Student Union ballroom. The drive will last from 11 a.m. to 3 p.m. Bob Peterson, the commissioner in charge of the drive has expressed his hopes that everyone will give a pint of blood to this association. "The blood we give will be sent to wherever the battlefield in Korea or wherever the blood is needed," Peterson said.

If anyone should doubt the importance of giving blood they should talk to some of the veterans on the drive. The staff of this paper wish to extend their hearty congratulations to the IK's for this project. We also hope that everyone is able to come out and give some of their blood, because you all tomorrow at the ballroom in the Union.

Dorm Holds Dance

"Winter Wonderland," was the theme of the dormitory dance held January 15 in the Boise Union ballroom. The dance was played by the "Blue Notes.""The theme was carried through with silver, white and blue decorations. A person dressed with a scarf, designed and provided by Gail Kramer, trees, birds, pine boughs, even given tins, covered the room in a wintry scene.

Rings, tiaras, and Delores Hanson sang "Winter Wonderland" during the dance. The theme of the dormitory dance held January 15 sponsored by Morrison hall girls in the recreation room. Blood Drive

We see that many sacrifices are made that really aren't sacrifices at all. Time means a lot to most everyone, even just a few minutes. So does life. Inconvenience costs a lot of people money, trouble or both. Work is one so-called inconvenience that may mean life or the loss of life. BLOOD spoils inconvenience to some. They label it for health or some other reason. When it comes to others it spells all the good things that people enjoy such as games, friends, school, work, pleasure, relaxation, family and travel. It's a game, and it's a fighting game that need it either. Accident victims, disease sufferers, crippled children and shock patients require a lot more of it than we realize. Yet if the stocks are full for home use, then an even greater need for it is neglected. The fighting men need blood just as much as food, warm dry clothing, and medicine.

Blood is very inexpensive—it costs you nothing! Just a little time, no effort, and no inconvenience. Won't you come with us to the center and give a life to someone?—

“January Thaw” To Be School Play For This Year

“January Thaw” was chosen as the Boise Junior College play for this year.

The play was originally novel by Bemlay Partridge, and was best selling novel in this 40’s. William Roos dramatized the novel in 1935. It immediately became a Broadway success.

This is the story of the Gage family who are just in a pre-revolutionary Connecticut farm house.

Mr. Gage is a writer trying to work on “The Great American Novel.” His wife, Marga, is an amateur interior decorator who spends most of her time redecorating the house. Other members of her family are the two little girls, Paul and Sarah, and another daughter, Barbara. Through a legal-technicality the owners of the house are the two little girls. Paul and Sarah, and an older daughter, Barbara. Through a legal technicality the two families of unequal temperament try to live in the same crowed environment. This provides the comedy situation for this play.

Among the students who are tentatively cast for roles in the play are Bob Kellogg, Jerry Cran- dell, Wendell Long, Kenneth Moore, Robert Walker, and Kay Culp. Also in the cast are Carol Smith, Donna Offen, and Pats Austin. Committees headed were Dorothy Britt, Ann Bickel and Denny Revell. Group, Under supervision of Jerry Keener and Carol Beay, refreshments. During the course of the evening the games were played and songs were sung by the group. Also it was strictly for a personal person during the whole evening, which undoubtedly brought many laughs. Refreshments and hot punch were served.

GERMAN CLUB

The German club has been holding their weekly round-table each Wednesday now. The group talks continuously in German, discussing the German school system and other such matters concerned with that country.

For a school project the club has been selling at some of the basketball games. President of the group is Bob Watson.

B-CUBES

B-Cubes have been very loyal to the basketball team. They are trying to out on with their snappy pep song. Also the group is working at some of the games. On the night of the Globe Trotters’ game all the B-Cubes are asked to wear their sweaters and also their orange and blue bracelets.

IK’S

Doing their best to help to save some soldier’s life the IK’S are sponsoring a blood drive. All the boys will roll up their sleeves and part with a pint of their blood tomorrow when the bloodmobile arrives.

The IK’s hold their formal initiation last Friday night in the Union Ballroom. A party was held following the initiation.

Teacher of the Week

Mrs. Allison has lived most of her life in Utah, where she graduated from the Logan high school and Utah State Agricultural college in Logan. She also obtained her BS and an MS degree in home economics education from that institution. She has received training at the University of Utah and the Brigham Young University and was instructor of home economics at Carbon college at Price, Utah, before coming to BJC.

Mrs. Allison is enthusiastic about her work at BJC. She says, "We have the most cooperative administration with which I have ever worked and my students are tops." She extends an invitation to all girls to come and visit the home economics department.

"Necessity is the mother of invention." It is surprising what a man can do when he has to, and how little most men will do when they don’t have to.

Shower Given

In Suite E

A shower in honor of Mrs. Carol Ann Moore, formerly Miss Carol Anne Crume, was given in suite E in Morrison hall Thursday, Jan. 15. Mrs. Turnipseed and girls in the dormitory donated toward the gift which was part of Carol’s senior year. Refreshments were served by the group.

Kay Richardson and Carol Biggs moved from their former rooms Kay took a single and Carol moved downtown.

Drumroll is taking it easy these days. The boys don’t seem to have any plans or done much in the line of news.

University of Idaho's Economics Department

Mrs. Thelma Allison comes from the Economics department.

Saginaw, Michigan, where she was instructor of home economics at Carbon college at Price, Utah, after its establishment in 1945. Her father was instrumental in providing a place for her to study home economics education from that institution. She has received training at the University of Utah and the Brigham Young University and was instructor of home economics at Carbon college at Price, Utah, before coming to BJC.

Mrs. Allison is enthusiastic about her work at BJC. She says, "We have the most cooperative administration with which I have ever worked and my students are tops." She extends an invitation to all girls to come and visit the home economics department.

Bernadine Aubert, Phyllis Browning, Eddie Fordham, Rachel Hamilton, Talcott Haspel, Rosemary Majette, Pat Thompson and Gloria Logan.

Members of the cast are in rehearsal now.

A spring play, "Shakespeare’s Twelfth Night," will be produced and presented on April 17th. Students interested in trying out for parts in this play may read scripts which are on reserve in the library, and may report to the drama club before February 15, for audition.
