Alumni News

BJC is well represented on the University of Idaho campus according to word received from Moscow. By Estin, Lee Smith, Joan Officer, Larry Sandmeyer, Patrice Beal, and Ben Denby, and two BJC students, Franci Hamilton, Davy Graham, Fred and Virginia Riggs, Vistov and Bill Ross are now making their home at the U. of I.
TO CLIQUE OR NOT TO CLIQUE

How many friends do you have here at BJC? Do you have only a few constant friends or do you have an acquaintance with a good share of the people you meet on the campus?

Many students think one has to belong to a clique to have fun; this is by no means true. You'll find that you'll miss out on a major share of the social life if you insist on confining your activities to one little group.

Many major universities have a Hi Week, where everyone on the campus says "Hello." We believe this would be a good idea here at BJC for it would serve to get all the students acquainted and make their social lives much broader.

JUST SOMETHING TO THINK ABOUT...

Our school has grown tremendously. With its growth came hordes of new responsibilities. The thing to remember is that we're still a school with lots of students who aren't busy. The school can seem "plenty dead" when there is nothing to do but study. It boils down to one thing. Are we letting is that we're still a school with lots of students who aren't busy. Army Medical Administration was one of the Civil Defense Plans that were introduced to help stimulate the text on the Literature of America’s Fiercest Battles. The college student should be prepared to assist this plan in any way he can. Boise Junior College and the city of Boise are particularly interested in this plan as support. A few of you are good citizens of Boise to give him that support. The defense plan will provide training such as first aid and player:

Alumni News

A way, we hear, from Sylvia and Eloise Chaukin. Both like the University of Idaho, but BJC is still a great place.

Ted Coltrin, parade chairman of the Round-up last school year, is now enrolled at the University of Georgia. Bill Beal reports he is on duty in the medical department at the Naval Ordinance Plant in Pocatello, Idaho.

Teed Chaltrin, parade chairman for last year’s homecoming, is a student at Los Angeles. He con- nected our Round-up office and enclosed a detailed written report on how to make a better Home- coming.

Carlyle Rassow is in boot camp at the U.S.N.T.S. San Diego, Cali- fornia. He writes that he saw Compton Junior College play the U.S.N. training station and he feels we could boost the Compton College very easily.

help make a success of some foot- ball players, and it took Lyle Smith, a lot of football players and a number of hard-working people to make a success of the football team. Now let’s everybody pitch in and help make George Blankley a success!

The locker room of the Boise football squad was filled with mixed emotions Saturday night. Boise coach, Dad Smith, had a happy smile on his face after an impressive victory. It was a final tribute to Head Coach Smith.

The Broncos were busy from the start Saturday night while gaining their 36th straight victory. They pushed across a pair of TD’s in the first period and set up the second score. Bob Wilder took the pigskin on Ricks 35. The Broncos drove to the 8 and from there a pass from Jack Petruzzi to Bert Crooks which was good for a score. Donaldson going over from the 5-yard stripe for the score. Howard missed the extra point. It seemed more fully what the loss of this fine personality would mean.

During the week the boys on the squad destined that in addition to a victory over Ricks (which was the best gift possible), a more personal present should be given. So, in the locker room on the eventful Saturday evening a radio was placed on Lyle’s desk.

As everyone knows by this time, George Blankley will take over the position of handling the Bronco football club. His able assistant is Louis Erickson. The team will back these top coaches with their utmost and we wish to add our voice in victory over the rival school. Good luck for a successful season.

Bench Jockeying —

Lyle Smith was not the only person on the Broncos in alert for this week, as Ray Gatto was notified that he is in archery. The boys next week will return to Chicago a few days ago and will await induction this week. When Boise football field against Oregon Tech tomorrow they will have the services of two regulars. Ray Lewis, centering left, suffered a shoulder separation, a speedy left half, Earl Williams is starting right for the first time.

A new sport that is interesting to many is archery. It seems that archery class is being held on the football field at 3:15 Monday. The coach has attracted the attention of the boys as they run out to the practice field. A few have even signed up for the new field. It looks like Jim Petruzzi ought to be up boxing. That sure was a honey of a left book Jim threw just before he was asked to leave Saturday’s game because of stacking. Can’t understand, officials must not appreciate the manly art.
