Vets Returning To Service Advised To Notify VA

Veterans recollected to active duty while they are receiving benefit payments from the Veterans Administration are urged to notify VA immediately of their return to military service.

Included in these benefit payments are subsistence allowances for G.I. Bill and Public Law 16 veterans and compensation for service-connected disabilities. The VA explained that the law does not authorize it to convert a veteran's receivable payments once he goes back into uniform.

If a veteran receives such a payment covering any period after he has entered active duty, he should return it to the VA office which has his records. Otherwise, the payment will stand as an overpayment against the veteran until disposed of. When notifying the VA of recall to active duty a veteran should include his "C" (claim) number, his complete name and address, the amount of the VA payment, what it's for, and the date he is going back into service. He should send this notice to the VA office handling his records.

Spanish Club Play
"La Tia de Carlos"
Given Last Night

Last night at 8:35 p.m. "La Tia de Carlos" supplied the audience with two hours of hilarious entertainment. This three-act comedy adapted from Jack Benny's version of Charles' Aunt was given by the Spanish Club of the university. Mrs. Arthur P. Cram was the faculty director. Lytie Cultris and Badge Puritt as Jorge and Carlos, ran into difficulty one night because Mrs. Lynn Heper and Arantza Canalis, Ana and Carmen were the two sweethearts who found the aunt, a southern belle, a bit of a character. This cigar-smoking aunt caused confusion in the play and laughter in the audience.

During intermission Mrs. Carmen Rane, who was narrator, sang songs in Spanish. Her accompanist was Vic Ambrose.

The production staff and the Spanish Club acknowledged Dean Omar Devon, head of the drama class for their assistance. The club also thanked its members for its cooperation.

Two Athletes With Similar Careers Combine To Lead Bronco Basketball

Two athletes from different sections of the state have joined in leading the BJC Broncos in their 1951 basketball ventures. From the northern lands of C. W. Alame in C. W. Totten, while southwestern Emmett contributed make the starting five man in the BJC scoring machine and Mullins is the second back up point gatherer among the Bronco.

The similarity between the pair does not end with their ability to point in points, but others. Each was picked to represent the Western team in the annual Idaho All-Star games and both played football and baseball while at their respective high schools. The fancy forwards are 18 years old and are studying the same curriculum, physical education.

The basketball court finds the pair cooperating like an acrylic team, as they roll through their offensive and defensive maneuvers with catlike grace. Mullins de points on his running left handed shot to chalk up most of his tab and when that goes cold his driving lay up is key. He also pouts with his right handed push shot.

These lads are built on the lean and lanky lines but C. W. (Dubi) is slightly bigger than his running mate. Totten stands 6' and weighs 185 pounds, while Mullins is 5'11" and 170 pounds.

The two hoopsters average about 30 minutes of each 40 minute game and the teams all moves in and out of the pair. Both were at their best in the BJC victory over Weber last week as the Broncos 50 points led all scorers and Mullins' outstanding and low scoring were key factors in the Bronco win.

Although the Broncos have not been world beaters this year, BJC fans agree that it has not been the fault of the two hardworking freshmen-laden team stuck to their guns and hustled all the way. Last Tuesday, the basketball squad again next fall.

Last Tuesday, the basketball broncos climax their regular season with a heart-breaking 55-55 loss to Northwest Nazarene, thus ending a disastrous season of play which saw the BJC squad attain six victories, while going down in defeat 15 times.
