Roundup, October 8

Associated Students of Boise Junior College

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.

BJC Roundup

Boise, Idaho, Monday, October 8

The annual Big Sister Tea sponsored by the Associated Women and given as a get-acquainted function for the freshmen girls was held Friday, September 28 in the Student Union from 2:30 to 4:30.

Gloria Johnston, social chairman for the AW's, was general chairman for the tea. Her committees were as follows: food committee, Doris Criswell, chairman, with Beverly Brennan, Laura Lyman and Unice Watson; decoration committee, Diane Chester, chairman, with Barbara Compton, Mary Knapton, Lena Jantz, and Barbara Wartman; invitation committee, Charlene Barber, chairman, with Pat Querry and Bonnie Cady; program committee, La Rae Dunn, chairman, with Dorla Jo Hogenmiller and Gerri Privett; dish washing committee, Charlene Barber, Beverly Brennan, Barbara Wartman and Lena Jantz.

Hostesses were: Charlene Stillwell, Bebe Bernoala, Pauline Paulson, Ruth Pond, Lynn Satterlee, Virginia Worley, Myrtle Siebe, Mary Lee Moss, Jackie Compton, Diane Huskey, Janet Hawkins, Martha Hillman, Joy Whipple, June Obenchain, Colleen Shanahan, Dorla Jo Hogenmiller, and Gerri Privett.

The center table was decorated with zinnias and nasturtiums and yellow and lavender candles. The smaller tables were centered with a bouquet of mixed flowers.

La Rae Dunn and Annette Black played the piano during the tea and Mrs. Mathews, Mrs. Foster, Mrs. Turnipseed and Mrs. Chaffee poured.

"You young scalawag! I'll teach you to make love to my daughter."

"I wish you would, sir, I'm not making much headway."

Classes Hear Noted Greek Speaker

Dr. Baker's social science class and Miss Moore's American literature class had the joint privilege of listening to Andre Michalopoulos, special adviser on American affairs to the Royal Greek embassy in Washington.

Mr. Michalopoulos, a noted speaker on international affairs, came to Boise Thursday, October 4th, to fill speaking engagements at a meeting of the Boise committee on foreign relations and at a meeting of the Knife and Fork Club. Responding to Dr. Baker's invitation he also visited the college and spoke to two of the classes.

"You are extremely fortunate and should be most happy to spend this period of your lives in such pleasant quiet surroundings so conducive to education," he remarked, introducing his talk to the classes.

He told the group of the extreme desolation and misery left in the wake of Hitler's siege for world conquest, especially in Greece, the land of his birth. "Such misery and complete demoralization of those countries," he said, "created a situation ideal for the Moscow trained communist agents to gain a lot of followers through bribery and corrupt promises of hope and prosperity."

He went on to tell the group that Russia is today the root of all world difficulties, but communism stands little chance of gaining many followers here in the United States. "Compared to what you have, communism has nothing to offer," he said.

Anyone with a problem may leave a question in the Miss Dee Mener box in the main hall.

WE WANT YOU

Nominations are now open for freshman officers. Any student wishing to run, or any one wishing to petition a student, may obtain information in the office.

Presidents Ball Slated for Sat., Oct. 13

The presidents' ball in honor of the president of the school, the student body president, and the presidents of the various campus clubs and organizations, will be held Saturday, October 13 at 9 p.m.

The new ballroom in the Student Union Building at Boise Junior College will be the scene of the president's ball, sponsored by the Pi Sigma Sigma club. Dick Metcalf's orchestra will provide the music.

Tickets will go on sale Wednesday. They can be obtained from any Pi Sigma Sigma member or at the booth in the main hall.

This will be the first formal dance of the year, and the start of a year of fun. Everyone is urged to attend and join the fun.

Mixer Highlights BJC Social Calendar

The all school mixer held Friday, September 28, in the Boise Junior College auditorium provided an opportunity for many new friendships.

Under the chairmanship of June Obenchain and to the rhythm of Judy Salter's orchestra there were numerous mixers, as well as regular social dances to broaden the field of acquaintances and provide a good time for all.

Diane Chester directed contest games which enlivened and added fun to the intermission. Several interesting facts were revealed by these contests. Dawn Flint was the tallest girl, LaRae Dunn had the longest hair, David Crotty was the shortest boy, and Bob Cole had the biggest feet.

Approximately 200 students took part in the fun at the all school mixer.

Dean Mathews Announces Drop In Enrollment

Boise Junior College enrollment this year is slightly under that of the spring semester last year, according to Dean Conan Mathews.

Last year there were 437 day students and 117 night students, making a total of 554, compared to this year's total of 517; of which 428 are day students and 89 are night students.

There are 263 men and 165 women in day school and approximately 220 freshmen and 125 sophomores. The rest are part-time and special students.

In night school there are 28

enrolled in the vocational shop classes which include wood work, machine shop and body and fender shop and 61 enrolled in the academic courses.

Academic students are distributed as follows: 26 are in the speech and psychology classes which are being given at the Mountain Home air base and the remaining 35 are taking classes in speech, Spanish and marriage and the family on the Boise Junior College campus.

Mathews said there are approximately 60 veterans now enrolled in both day and night classes, which is 40 less than the number recorded for last year.

"Rah" Recruits

When you buy a ticket to see the Boise Junior College iron-men pit their strength against worthy competition and you hear the most uproarious applause ever, you'll know the credit is due the zestful, driving, and acrobatic yell leaders—Jo Ann Hartzler, Mary Gottenberg, Dean Hodges and Jim Walker.

These four demons of energy and vitality were selected to lead sports enthusiasts in cheering on the Broncos in their every endeavor. The four were elected and results announced at a campus party Friday night. They will soon don the orange and blue to show their alma mater that the choice has not been a mistake.

Exchange Student Attending BJC

Oliverio Ruiz, Mexican exchange student from Santillo, Mexico, is now attending Boise Junior College as a part-time student and assistant to Mr. Gottenberg, Spanish instructor here.

Oliverio was able to come to Boise Junior College on the student exchange program conducted through Washington, D. C. In addition to assisting Mr. Gottenberg, he is enrolled in a freshman composition course this semester, with the express purpose of learning the English language.

Saltillo, Mexico, is Oliverio's birthplace and he received all his schooling there; six years elementary education, two years second-

ary education at Aeteneo Fuede, three years commercial education at Aeteneo Fuede, from which he received an accountant's certificate; and one year at the Instituto Tecnologico of Coahuila where he studied electricity.

This is not, however, Oliverio's first trip away from home, since he has also visited Mexico City, capital of his own country, and Querna Vaca, another major city in Mexico.

"I'm so busy most of the time that I have not had much of a chance to find out much about Boise or the college," says Oliverio, "but my family back in Mexico is continually plaguing me with questions about how I feel, do I eat enough, how I like it here." All of his family live in Saltillo, and his father, Servando Ruiz, is a government official in Mexico.

REMEMBER!

Every time The Roundup comes out, there are often heard the remarks, "Sure a dull paper" or "Hasn't got any news."

Now, The Roundup is your paper. It represents you and your college. Therefore, if you feel that it is dull or has no news, YOU can do something about it.

The staff will welcome anyone with ideas on how to make the paper more interesting. If you have any news or information which you want in the paper, all you need to do is contact anyone on the staff, the members of which are listed in the masthead on page 2.

Remember, it's YOUR paper.

Club Capers

French Club

Members of the French Club will hold their first meeting of the year Tuesday at 7:00 p.m. in the Student Union. New officers will be elected for the present year and the members will be favored with the showing of colored slides taken by Dr. deNeufville during his tour of Europe this summer.

German Club

The German Club held its first meeting Friday at which time new officers were elected and plans for future meetings were discussed. Due to the fact that, at the time of the meeting, the paper had gone to press, the new officers will be published in the next issue of the Round-up.

International Relations Club

The International Relations Club got under way for the first time this year at a recent meeting in which they explained to prospective members the purpose of the club.

The purpose of this club is to help keep students informed in national and international relations and encourage them to participate in international projects of good will.

In the near future, the club is planning to sponsor a World Student Service fund campaign to secure money for needy students abroad who need a college education.

Two of the guest speakers last year were Vera Ostragursky, who told some of her experiences in a German concentration camp during World War II and Hardy Burck who spoke on foreign seminars and camps of the American service committee.

Dr. James Booth is advisor to the club.

Dear Miss Dee Mener:

Dear Miss Dee Mener:
What does "handwriting on the wall" mean?

Puzzled.

Dear Puzzled:
It undoubtedly means that there are small children in the house.

Dear Miss Dee Mener:
Why don't more college boys get ideas.

Bewildered.

Dear Bewildered:
Perhaps because ideas are in some heads because they can't stand solitary confinement.

Dear Miss Dee Mener:
Do you think my boy friend and I should be in the dog house for returning after dorm hours?

Dejected.

Dear Dejected:
Personally, I believe that is no place for a young couple under any circumstances.

On the 29th of September the Boise Junior College Broncos played Olympic Washington and were defeated by a score of 18 to 6. The odds were high against the Broncos, however, as the Olympic team had three allies to assist them in their victory. It seemed that the Olympic squad had LADY LUCK sitting on their bench for every time the Broncos got within scoring range they dropped the ball or were penalized. One time the Broncos romped over for a t.d. only to have the referee call them back.

It rained all through the game and the Broncos mired down in four inches of mud. When the team returned it looked as if their uniforms had been washed in a tub of mud. They commented however, "We don't mind the mud near as much as the loud cheers from the Olympic rooters." It seems that the Olympic fans were out in full force and remained until the final shot was fired ending the game.

Coach Blankly stated, "History shows that all great teams lose once in a while. Army and Notre Dame lost and so did BJC. Olympic beat us fair and square and it was hard to take. We don't intend on taking any more this season."

On the 12th of October the Broncos will tackle the Oregon Tech. squad. From all reports this will be another tough game and Coach Blankly and his team request that we have a good cheering section at this game to bring Oregon to her knees and to give the Broncos the strength to trample them under their flying hoofs.

Weekly Wisdom By Cleon M. Kotter

IN WHAT CAN WE TRUST?

Have you ever given thought to the words, "In God We Trust," stamped on our coins?

As the inflation genie grows and the dollar value shrinks we might do well to ask ourselves, "Where else can we put our trust?"

Scriptural wisdom: Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths.

(Proverbs: 3: 5-6)

Morrison Hall News

On September 18th nineteen girls assembled for the first Morrison Hall meeting. The main purpose of the meeting was the election of officers and hall regulations. Dorla Jo Hogenmiller from Ontario was elected president, Virginia Harris, vice president; Margaret Bailey, secretary; Peggy Wood from Lima, Peru, treasurer; Bonny Cady, social chairman. The meeting was highlighted by short talks from guest, Ada Burke, dean of women, and our charming housemother Mrs. T.

On October 3rd the girls gathered at 10:30 for a pajama party. At that time it was decided that the house meetings will be held from 7 to 8 p.m. on the first and third Monday. Also a discussion with Mrs. T. on housekeeping.

One of the cleverest self-designed rooms in suite E is that of Sylvia Cenci Falai, from Florence, Italy, who is the artist of the crowd and is painting her own drapes.

Experiment To Be Conducted

Wanted—some hale and hearty men volunteers for a highly scientific and important experiment to be conducted on the Boise Junior College campus.

The title of this experiment is "The Acute Effect of Smoking Upon Voluntary Muscular Effort in the Presence of Fatigue in Regular Smokers." The experiment will consist of having each subject mount and dismount a platform for 15 minutes. The procedure will be repeated three days weekly for eight weeks. The purpose of the experiment is to determine whether or not there is any acute effect of smoking upon voluntary muscular effort in the presence of fatigue by regular smokers.

Miss Catherin stated that any one wishing to "contribute to the advance of science or "my master's thesis" may contact her or leave his name and phone number in her box at the main office.

HOMER VERSIFIED:

"... and pines with thirst
midst a sea of waves"

Homer: Odyssey

Homer wrote about ancient times—before Coke. Nowadays there's no need to pine with thirst when Coca-Cola is around the corner from anywhere.
