## Pi Sigma Sigma Officers Confer With Dick Metcalf

The men of Pi Sigma Sigma did a grand job in preparing for the first annual President's Ball Saturday night and it is no fault of theirs that the dance band failed to make its appearance. The fellows are to be commended for their preparations and the many students who were on hand for this dance are to be congratulated for their interest in what would have been one of the outstanding formal social events of the year.

The officers of the club met with Mr. Dick Metcalf Wednesday evening for the purpose of making settlement on the loss incurred by the club because of failure on the part of the orchestra to appear.

involved in the preparation for the dance and Mr. Metcalf's orchestra offered to play a free dance which was held Friday night in the ballroom of the Student Union. This last provision was for the benefit of the entire student body, inconvenienced by the breach of contract.

We are sure that every member of the student body must fully appreciate the efforts expended by the men of Pi Sigma Sigma and realize that the failure of the first dance was in no way due to negligence on their part. Proof of this will be found in a copy of the contract made with this orchestra and is now on file with Dr. Moore, Pi Sigma advisor. Let's hope that Pi Sigma Sigma can sponsor another dance very soon and have as many couples present as were ready to dance last Saturday night.

## Halloween Party To Be Given

The Chapal Fellowship or college age group from the Methodist church is well under way toward a very successful year under the able leadership of Betty Cable, president; Dorothy Gunther, vice president; Jo Ann Hartzler, secretary-treasurer; and Charles Beckstead, assistant secretary.

A halloween party is being planned at the church on Tuesday, October 30 and a special Thanksgiving program is also being planned for the 18th.

On the 11th, Armistice Day, the group has invited the Nyssa young people's group over for a joint meeting. Movies taken at church camp this summer will be shown. The club has a skit at every meeting and frequently movies are shown and roller skating parties are held.

The sponsors are Mr. and Mrs. Warner and the group meets at 7:00 on Sunday evening at the Methodist church located at 1012 State street.

Anyone who is interested in the organization is invited to attend.

Any club wishing to have pictures in the Roundup must leave their request in room 118 no later than Wednesday of each week. These pictures will be scheduled to be taken each Thursday.

## Boise Valley N.H.S. To Hold Meeting

Dr. Donald Obee, Boise Junior College science professor, and president of the Boise Valley Natural History Society, will preside over their meeting which will be held on the Nampa Northwest Nazarene College campus tonight.

The society, which is composed of professionals and laymen alike who are interested in natural history, holds five meetings per year, and these meetings are rotated between the Boise Junior College, College of Idaho, and Nampa Northwest Nazarene College campuses.

Tonight the members will view a movie on waterfowl, which will be shown by Mr. Dart, manager of the Deer Flat game refuge at Lake Lowell.

Dr. Obee stated that anyone who is interested in natural history and wishes to join the society is invited to do so.

## Homecoming To Be Held November 3rd

### Pres. Chaffee Goes To New York

Eugene B. Chaffee, president of Boise Junior College, left Friday for New York City where he will attend a meeting of the Educational Advisory Council of the National Association of Manufacturers. The meetings of the organization will be held Oct. 26 and 27.

Chaffee was selected last year to serve on this board for a term of three years representing the junior college viewpoint throughout the nation.

Membership on the council is composed of 24 educational representatives from all areas of education and from 19 states including the District of Columbia. Only one person represents the junior colleges.

Chaffee said the problem of decreased enrollment in the college would be discussed at the meeting.

The purpose of the Advisory Council is to gain the educator's viewpoint. The National Association of Manufacturers believes this will promote greater understanding and cooperation between industry and education.

A two-day celebration has been planned to the last detail by Homecoming chairman, Chad White. The gala party will start with a car parade and pep rally Friday, November 2, at 11:30 a.m. That evening the traditional bonfire, sponsored by the IKs, will be burned at 8:00. The gang will then adjourn to the Student Union for dancing, judging of the beard growing contest and introductions of the Homecoming candidates.

Saturday, November 3, at 11:30 a.m. the float parade will get underway. Among the club floats contending the top honors are: Intercollegiate Knights, B-Cubes, Valkyries, Phi Sigma Sigma, Mu Sigma Phi, A. W., Spanish Club, French Club, Student Council, and Morrison and Driscoll Halls.

Game time is 2:00 p.m., when our powerful Broncos meet the Westminster College team. At halftime, the floats will parade before the judges, the queen will be crowned, and an added attraction of out-of-town high school bands participating.

That evening at 9:00 is the formal dance, under the chairmanship of June Obenchain.

Sounds good, eh? With the help of all the organizations in school, and the students vim, vigor and vitality, this will be the BEST HOMECOMING EVER!

## "Pay-Off" Dance Held In Union

A special event marked Union Night, Friday, October 19, when the Pi Sigma Sigma sponsored a free dance for all B.J.C. students. This dance was put on for the benefit of those who got dressed in their finery last Saturday night only for a big disappointment—no band.

Dick Metcalf's orchestra furnished music for the dance as a pay-off for their absence Saturday.

**LOST**—One upper plate by an alumnus in vicinity of Psi Upsilon over the weekend. Finder please return to Psi asth thoon' asth possible.

Any student wanting a duplicate of any pictures printed in the school paper, may leave their name with Mrs. Spulnick in the Journalism office, room 118.

## Meridian Band Plays at Game

Last Saturday night the Meridian high school band, under the direction of John Fahrer, played and marched at the Boise Junior College-Weber College game.

It has been the practice in the past few years for the music department at Boise Junior College to invite the neighboring high school bands to play at our games. Several high school bands from surrounding towns will play for the Homecoming game.

Student handbooks may be obtained in the main office or in room 118. These books are free and they hold the answers to many questions asked pertaining to the school functions and activities.

## Weekly Bulletin

- Monday Noon—L. D. S. Club Meeting.
- Monday Noon—Student Executive Board Meeting.
- Monday Night—Future Teachers' Social.

  - May 31 ..... Graduation Dance

Any student interested in newspapers from other colleges and high schools may come to Mr. Gottenberg's office and get them.

## Front Page Humor

It was a gala night on a transatlantic liner, and a magician was entertaining. First he held up a card, threw them all up in the air—and they disappeared. A parrot, sitting on his perch nearby, blinked in astonishment, but said nothing. Then the magician took a large bowlful of goldfish, passed a cloth over it, pulled the cloth away. The parrot bowl had disappeared. The parrot blinked again in amazement. "And now," said the magician, "I will do my best trick. I will make this table and all the dishes disappear." He threw a cloth over it, but just then the lights went out, bells rang, whistles blew. There was a tremendous shock and explosion, and in no time at all the boat went down. All alone,

floating on a piece of wreckage in the moonlight, sat the parrot. Suddenly, coming up out of the water the magician appeared, hollered "help!" and went down. The parrot observed him gravely. Again the magician came up, hollered "help!"—fainter this time—and again disappeared. The parrot's eyes opened wider.

The magician came up, gurgling "help!" and went down for the last time. The ripples died away. The boat, the passengers, the magician—all had disappeared. The parrot sat quietly on his piece of wreckage, thought it over for a long time and then said, "Marvelous!"

## Beard Growers To Get Photos

You photogenic bluebeards, blackbeards, blondbeards, brownbeards and redbeards of B.J.C. who have been getting thumbs down from the annual photographer, can cheer up now and grow that epidermis foliage to the maximum of your masculine manhood.

Mr. Franklin Carr, that man behind the camera, informs us that a date will be set the first part of November (after homecoming week) for these bearded gents to get their clean shaven faces filmed for the annual.

This is definitely your last chance, so rouse the spirit and make this year's annual tops. Dates will be announced later.

### SUPPORT HOMECOMING

In about two weeks the Boise Junior College Broncos will be playing the Westminster College Parsons of Salt Lake City in the annual Homecoming game.

This year, let's make Homecoming the Big Event here at Boise Junior College, just as it is in other colleges and universities. All of us can give a little of our time and help with the various floats, decorations, etc., which are necessary to make any homecoming a real success. All of us can help—if we want to. Let's want to. LET'S SUPPORT HOMECOMING !!!

### CLUB CAPERS Driscoll Hall L.D.S. CLUB PLANS INSTITUTE CLASS

The L.D.S. students at Boise Junior College met together for the first time last Monday noon, October 15. Vern Cooley, educational chairman of the church education committee, explained the organization and set-up of the Lamda Delta Sigma Club as it is organized in other schools. The group expressed a desire of having access to a regular college Latter-Day-Saint institute class. This desire is enhanced by the availability of an excellent instructor, Z. Reed Millar, former stake president and educator. He has kindly consented to instruct such a class and even agreed to meet with the group at 7:00 a. m. twice a week, an early hour but apparently the only hour available to the majority of students. All Latter-Day-Saint students and others interested are invited to meet at noon today to complete the club organization and the arrangements for an institute class.

Monday evening, October 15, 1951, the Newman club held its first meeting of the year under the direction of Father Peplinski.

The officers elected were as follows: President, Bill Gottenberg; vice president Miki Flaherty; recording secretary, Mary Deroin; correspondent secretary, Dorla Jo Hogenmiller; treasurer, Jerry Williams; historian, Mary Gottenberg, and marshal, Art Hayes.

**SKI CLUB**  
The skis will be waxed, the boots polished and sweaters knitted in the next few weeks, as past, present and potential skiers swing into action for this year's season. Under "slalom minded" Colin Taylor, as prexy, the Bronco Ski Club will hold meetings once a month during the skiing season. Gerri Privett, veep, and Diane Chester, secretary-treasurer, and about 20 club members will help him plan parties, races and invite new members to the club.

Last Wednesday we all gathered by the fireplace to hear Wayne Personette, Harry Dettweiler and Dick Sherjalis tell their fabulous hunting tales. They went hunting last week-end and the only thing they caught was a cold.

John Milani recently hurt his eye in football practice. He is being treated by the daughter of an eye doctor, who doubles as an Italian cook.

Still suffering from an egotistical letdown, D. C. Crotty wanders the halls giving campaign speeches.

There was recently a going away party for George Tzavaras at 5 a.m. in Suite H.

Suite representatives are working diligently to form a constitution. Bill Worley is putting a great deal of time into the project.

John Curran attended the Newman Club meeting last Monday. He stated that there was a good turnout as far as Driscoll members were concerned.

#### GERMAN CLUB

The first German table of the year was held by the German Club last Thursday noon in the Student Union, at which time this year's officers were elected. They are Jack McDonald, president; Richard Frost, vice-president; and Travis Barnes, secretary-treasurer.

### Morrison News

At a meeting last Monday night it was decided to subscribe for the Statesman so that the girls that don't leave the campus too often can know what goes on in the outside world. We also discussed the plans for the Homecoming float which Morrison and Driscoll Halls are sponsoring together.

Last Wednesday evening the girls were asked to serve dinner for the Knife and Fork Club. No accidents were reported but the near misses were plenty. Oh yes, there was an accident when Barbara Moulton spilled butter on a lady's dress, but since the lady's dress was yellow to begin with it wasn't too noticeable.

We wondered what the commotion was in Suite B and found that we now have a new addition—Mrs. Madaline Hannah who's husband is stationed in Korea.

Virginia Harris and Shirleen Schaffer are in charge of the woman's residence handbook. The handbook will contain women's residence hall rules and regulations for the girls living in the dorm.

A Boston lady was expressing her indignation at the indecent words being painted on the walls and sidewalks of the city.

"What will outsiders think of us," she cried. "Why, some of the words aren't even spelled right."

### Star of the Week

The player chosen for the star of the week is non other than Merlin (Skooter) Howard, left half-back for the Broncs. Merlin has gained many yards for the squad this season through his expert passing and running ability. Most people think that you have to be big to play football. Merlin proves this to be completely false, as he is only 5 foot 9 and weighs a mere 150 pounds. With the exception of Leroy Weber, Howard is the smallest member of the Bronc squad, yet is one of the most noted players in our conference.

Skooter is a very handsome character with blue eyes and curly blond hair. The boys tell me that beside scoring points on the gridiron, he also makes a few at the St. Lukes hospital. He doesn't talk much about women, however, and his pet peeve is girls that whisper. When Merlin isn't busy scoring points, he spends his time studying or working in the Student

Union. He plans on playing baseball in the spring, and if "Skooter" can put on half as good a show in baseball as he has in football we shall surely have another star. BJC will remember Merlin Howard for some time, so this week take our hats off to "Skooter" Howard.

### W. A. A. News

The W.A.A. hockey team will journey to Moscow, Idaho, and Pullman, Washington, the weekend of November 3 and 4. Because of Homecoming duties and other commitments the team will be limited to 6 members with 5 remaining to be filled from the B.J.C. will be Willa Burkhardt, Rosie Goicoechea, Marian Kozak, Edna Mac Brown, Charlene Stillwell, and Beebe Bernaola.

### Dear Miss Dee Mener:

Dear Miss Dee Mener: I am a confused French student and would like to have the correct pronunciation and translation for "Jeanne d' Arc."

Dear Inquisitive: Although I am not a French major, the pronunciation for Jeanne d' Arc is John Dark and undoubtedly means that the electricity is off in the "sandbox."
