WHAT IS CHRISTMAS?

Through all the hustle and bustle of Christmas shopping, etc., we are very apt to forget what we are really getting ready to celebrate. Let's take a little time out from all this hustle and bustle to get at the real spirit of Christmas—what Christmas really means.

Then be glad, young people; at this time of year; and light you up your candles For His star it shineth clear.

—from an old carol.

History of the Student Union

"Meet me as the Union after class." "I'll buy you a coke at Union." Plans always thrive—heard any time of the day on the campus at BJC.

Well, it is plain to the student who gets too many of these thoughts that the Union is a vital and integrating influence in the career of the college student.

Looking back into the history of the Union we find that the land on which it stands was granted to BJC district for educational purposes by the government. The college moved to the new campus in 1940, President Chaffee stated that the college would be housed in the building later. The student union is the Student Union for this purpose, for it was designed to become the home of students.

A portion of land was turned over to the association which was later to become the Student Union. The Student Union is composed of students, who are the owners of the building, and who elect the officers of the association and all the committees of the association.

One noted contrast is that they don't go in for outside activities as a club does, but they do have a committee for social purposes. The Student Union has, as its purpose, the welfare of college students, for their welfare is the reason for the Student Union. The Student Union is operated by a committee of students. The committee meets regularly, and makes plans for the future of the Student Union.

Snap! Crack! Pop!  

On the popular question asked by the male students of our school, about Diane Christian, the answer is "She does it."  

Bob Cole has a bad disease. The name of this disease is unknown, but he had an attack at the dinner Friday night and it took three boys to help him to his chair.  

Has anybody seen the rock on Luane Brent's finger. From the face of it, she must do things to secretary Walker. The question is "What does she do?"  

It's a fact, Marille Freeman and Neil Howard are in love. The fact was proven when Neil met Marille with "Gorgie Vulliner" and made her promise to help him to her host. Let's wise up, time is precious.  

It seems Jerry White has big ideas for Stan Freeman. You notice he bought a Buick convertible for her around in. He wants to go steady with her but can't seem to gather the strength to ask her. How about it, Sue?  

Mr. Fowler is now receiving mail from California. The boys say it's really "Hot stuff." The bad Hacker is so cold, for California is a long way from home.

What's Doing New Year's Eve?  

Jeepers! Another year is almost here! Just think, it is about 12 days and 12 hours you will have the familiar strings of "Auld Lang Syne" and concert will fly, horns will blow and everyone will shout "Happy New Year."  

Among the students at BJC celebrating the departure of Old Time and the morning of the New Year will be the following, and we asked unto just what they were going to do to mislead:  

MORRISON HALL  
Monday night the girls in the hall had a mending affair which we had a party and gift exchange. Wedding bells are breaking up the old gang in suite A since Luane Brent received an engagement ring from Gentry Walker. A spring wedding is planned.

Soon at the Golden Plume ball Friday night were quite a few Morrison hall girls—Shireen Schaeffer with Dick Martin, Peggy Wood with Stan Pattle, Blythe Miller with George Calter, Virginia Wogan with Bruce Harvey, Barbara McAlpin with Roy Fraser, Donna Wood with Joe Silvers and Mrs. Madeline Hannah.

Flying home for Christmas and her birthday is Donna Wood who lives in Alaska.

FOOTBALL REVIEW

As we look back on the 1951 football season, we see the many accomplishments achieved by the men who wore the "orange and blue" for Boise Junior College. The team's success was highly due to the coaches, Blankly and Rogers, and the support of the administration here at the junior college.

Topping the Bronco's achievement was the victory over the Potato Bowl at Bakersfield. As lettermen, who dropped grounded the Mt. Home Airmen in the dynamite and all they need is ments was their victory in the and the attacks were paced by five has been fair.
