Weekly Wisdom

By Gwen M. Keeter

It would seem that all of us actually learn from the mistakes of others is how to make more mistakes ourselves. Rather than trying to eliminate those errors, we should not profit much more by looking for good and noble qualities in others so that those admirable qualities might become a part of our own character.

Morrison Hall again with the latest members! There is going to be the biggest liar in the world, I wonder. It has little to do with their happiness. Someone cared how you felt and stopped to think how you'd feel if you knew you would lead us in unity through B.J.C.’s most successful year.

We’ve Voted Them, Now Let’s Support Them

The votes have been cast, the tally has been counted, and we hope the best man (or woman) has been chosen for each of the offices. But he best man needs the majority’s choice and therefore democratically meritorious of support from each of us. If you have supported him in campaign and vote you naturally owe him allegiance of loyalty, but if your election preference has been another now comes the true test of your democratic citizenship to see if you can really the rest and give undiluted support to each elected officer that thereby might lead us in unity through B.J.C.’s most successful year.

BJC Teacher Visits High Schools

Mr. Gettensberg, director of student affairs and publications at BJC, visited Ontario high school last week, and in the future will visit other surrounding high schools as a project to recruit students for Boise Junior College for next year.

Les Staff Discusses Tasks

A Les Boa staff meeting was held last Tuesday afternoon in Mr. Gettensberg’s office. Problems concerning with the final task of getting the book out on time were discussed. Editor Dwight Dickey says, “It now appears that the 1952 issue of Les Bois will be in the hands of BJC students prior to the final examinations.”

The first 38 pages of the book, said Dickey, are now in the hands of the printer and most of those have been set. The next 32 pages will soon be handed to the printer some time this week.

Baseball Schedule

Lady Luck Frowns On Baseball Team

It seems that Lady Luck has decided to crown on the frosh baseball team after giving them a fine start. The team has had to practice on the football field and the batting averages have dropped way down. Now that the new diamond is being constructed the team is expected to improve on their batting averages and reduce the number of errors.

Two of the team’s valuable players have been sidelined for a while. Jerry Miller has a bad knee and Dick Mert broke his finger in a practice. The team’s leading hitter so far is Dwight Dickey with a .500 average, but Dwight also leads the team in errors.

The team still holds a fine average even though they have had a lot of trouble. They have won two and lost one so far. Our new coach stated that the team is shaping up better every day and if the student at attendance at the games would improve we could help the spirit of the team a lot.

The new missionary asked the cannibal king, “Did you know my predecessor, Mr. Brown?”

“Oh, yes,” he replied. “He was the pride of the land.”

“But why did he leave such a place island?” asked the missionary.

“He didn’t, sir,” said the cannibal king. “You see, times got so bad we had to swallow our pride.”

Miss Catherine, woman FE instructor, has announced that tennis rackets can be checked out for use at any time. The courts will be available for use on their batting averages and starting a women’s tennis tournament is expected to improve May 14-Mt. Home, there.
