Weekly Wisdom

By Cleon M. Ketzer

Are you one of those who have been sitting quietly minding your own business in the library, when all of sudden you hear a strange "dr!d, dr!d, and look around, wondering if you've gone nuts or if it's really raining on such a warm spring day? And then you notice others with their heads cocked, listening to the "drid, drid," and you figure if you are going nuts, some others are coming with you.

Then, of all a sudden, you are -what? Can it be? Is it really happening? jumping of water from above? Then you relax and wonder why you hadn't realized it before—why it's only the kids in the chemistry lab up to their old tricks again, or maybe what you got excited about it? Guess they don't like the lid up anyway, and want it to sitting down in the library is now. Who knows, somebody (maybe they themselves) may happen. After all, then they won't have to climb all those stairs.

Attention . . . Graduating Sophomores

There were also several white tee tullees with yellow bows on them. Dance programs were silver moon-shaped with blue and yellow roses.

A Winning Team Needs Support

Boise Junior College has its football teams and its basketball teams—and good ones they are, too. And then in the spring, B.J.C. has its baseball team. Though B.J.C. students give support to their football and basketball teams, it seems to B.J.C. students, quite a bit when the baseball team is around. If there is to be a winning team—in anything, football, basketball or baseball—the team must have support—good support. So, come on all, we supported our other teams, now let’s also support our baseball team.

Last week little Johnny Tameno suffered a broken ankle for his willingness to give a good example on action shot. The shot above shows him as he was sliding into second base, when he broke his ankle. Dwight Dickey is shown tagging him.

Broncs Bow to C of I

The bad luck of the Broncs blotted out last Tuesday when they met the College of Idaho at Boise. The Broncs fell behind and just couldn’t come up. The Boise squad made many errors which accounts for the stunning 8-1 score.

B.J.C. has played the C. of I. three times this year. Boise won the first game and has lost the last two. It seems the Coyotes didn’t like their defeat at the hands of the Broncs and have been just out for revenge. After talking to some of the Boise players, it sounds like the next game with the C. of I. should be interesting.

Driscoll Hall

By Perry

The boys in Driscoll were saddened Tuesday afternoon when Johnny Tameno broke an ankle while sliding into a base on the ball field. Johnny will be missed while in the hospital as he is a live wire in the dorm. We all hope for a fast recovery.

We have some boys in the dormitory who are very much interested in golf. Every evening after dinner the boys are out on the green between the Ad building and the Union, driving the ball around. Johnny will be missed while in the hospital as he is a live wire in the dorm. We all hope for a fast recovery.

AW Plans Ice Cream Social

The A. W. plans a real old-fashioned ice cream social sometime soon. It will be held some afternoon out on the lawn in front of the Ad building, and a dance in the U-shaped driveway will be a special attraction. Keep your eyes and ears peeled for more information on this affair.
