PRESIDENTS MESSAGE

It is a real pleasure to welcome back those students who were with us last year and to greet the new students entering for the first time this fall. For all of you, we wish a most successful and happy school year.

You are going to have problems arise from time to time that will require courage on your part and a conference with faculty members and administration. You will find all of them glad to help you. I hope that every student here will avail himself of these opportunities and will face the coming year with anticipation and a determination to make it the most successful year yet.

EUGENE B. CHAFFEE, President.

Olympic Also Potato Bowl Victor

The Broncos go into action this Friday evening against the outfit from Olympic College in Bremerton, Washington. This was the only team that defeated us last season.

With Coach Lyle Smith at the helm assisted by George Blankley, the Broncos will be ready to put up a good fight. This promises to be a good game to start the season.

Students will be admitted on their student activity tickets to Section 14 and will occupy rows A-L. The band, as usual will be seated in this same section.

Students will operate the stadium the same as they have done during the past two years and credit will be given their clubs so when the time comes to slice the concession melon after the season is over, each club will profit according to the number of their personnel who turned out to help put on the show. The Valkyries have pledged themselves to do the ushering on this first game, but after this, positions will be open to everyone. Student chairmen in charge of operating the stadium will need workers to sell programs, usher, take tickets and direct parking.

Our first game is an interesting one. Besides being the team that defeated us last year, Olympic College shares honors with BJC in being a past victor of the Bakersfield Potato Bowl. BJC has been twice victorious in this bowl. In 1949 we defeated Taft 25-7, in 1950 Olympic College defeated Bakersfield College 14-7 and the past year BJC defeated Bakersfield 34-14. Looks like this first game will be the play-off between the two Potato Bowl victors.

Cheerleader Tryout To Be Friday Nite

Tryouts for cheerleader will take place at the Olympic game. Any student is welcome to try.

Monday, September 29, there will be a noon pep rally for the student body to watch you perform once more. Voting on cheerleaders will take place Tuesday, September 30 from 9:00 a.m. to 3:00 p.m.

If you do not appear at the Olympic game, your name cannot appear on the ballot.

Library Films Available for Use

Mr. Ace Chatburn, head of the education department at Boise Junior College, said that the Educational Film Library is a cooperative venture owned by some 25 school districts of southwestern Idaho and eastern Oregon and operated by Boise Junior College.

All of the films of the library are available for use of Boise Junior College faculty members in their classes. They are also available for all official student organizations.

The film library hours are from 1 to 5 daily and 9 to 12 Saturday mornings.

THE ROUNDUP

GUEST EDITOR MARY SALAZAR

It's A Fulltime Job

Today a new class begins work at BJC and students who have been here before have returned to continue their studies. A hearty welcome is extended to all of you.

You who are new to BJC and especially you who are beginning your college work for the first time, will encounter many new and strange ways. Don't be fooled, freshmen, by the amount of spare time you have. In high school you had supervised study periods; here you will supervise yourselves and you will have to learn early to budget your study time.

BJC offers you an education under friendly conditions, but it is up to you to take advantage of your opportunities.

A student's job is full-time.

Dorms Are Full For 1953 Year

Mrs. Genevieve Turnipseed, director of BJC dormitories, said late last week there were only 14 vacancies in the residence halls. All parts of Idaho are well represented in Morrison and Driscoll and a large Oregon delegation is also present.

As in past years we again attract two students from outside the country. Margarita Lindemann comes to us from Bolivia and Oliverio Ruiz is back this year from Mexico to assist with the Spanish instruction. Besides Idaho and Oregon, Missouri and Wyoming are represented each by one man.

Mrs. Turnipseed said there will be a dormitory organization meeting Monday evening, September 22.

Let's Dance

"Come on chill'en—let's dance!" Beginning Monday, September 29, at 7:30 p.m. social dancing will be taught in the ballroom of the Student Union. This is a non-credit course designed to teach those who do not know how to dance the basic steps. Those who have had some dancing experience can learn new variations. The class will meet for six weeks. Any or all of the following steps will be taught. Fox-trot, waltz, rumba, jitterbug and tango.

Your student body officers have planned gay and festive dances for the coming year. In six easy lessons you too may become the "femme fatale" or the "Casanova" of the ballroom. Do people laugh when you approach the dance floor? Wipe the "S" from their "F". Don't be left out of the fun. take this opportunity now to learn to dance.

Navy Tests Open To BJC Students

The Navy announced recently that the seventh nation-wide competitive examination for its college training program has been scheduled for December 13, 1952, and will be open to high school seniors or graduates within the age requirements. Successful candidates will be given a four-year college education at government expense and will be commissioned as officers of the Navy or Marine Corps upon graduation.

The program is open to male citizens of the United States between the ages of 17 and 21, and quotas have been assigned to each state and territory on the basis of its high school population. Those who are successful in passing the aptitude test will be interviewed and given physical examinations; then, if they are found in all respects qualified, their names will be submitted to state and territorial selection committees composed of prominent citizens and naval officers. The Navy expects to enter about 2,000 students into the program commencing with the fall term of college, 1953.

BJC students interested in this program are invited to obtain further details in room 118.
