Associated Students of Boise Junior College

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
Blind Assembly Held Splish -- Splash

By Phyllis Browning

A splash, a glub and a nose full of water are typical occurrences in our unfortunate young women in the beginning swimming class. It all looks so simple when some one else does it, but when we begin to flounder around in the pool it's a different story. Some one isn't flustering over as they are jumping in, so it wasn't difficult enough trying to keep your self up in the water. But the fact really begins when it comes to learning the proper stroking. The girls use everything from the dog paddle to a regular old oar paddle. There are some of course, who really catch on fast to the different steps in learning to swim. Among these fair mermaids are Mary Louise Cottrell, Sharon Brejorie Black. For the majority of us swimming is a thing of the past so we are real novices to this sport and also to those who have not learned the proper technique of the sport.

School Spirit

Boise Junior College again has a very fine football team. The boys on the team show a lot of pop and good spirit. They enter each game with determination they are going to win. The fans entering the stands should have this same idea. Remember to follow the cheerleaders in their yells. If we show a lot of spirit in the stands, the players will know all the way to the end what we want. So, what do you say, gang? Let's give them 100 percent support!

B-Cubes Busy

Busy as bugs in a rug, the B-Cubes were working extra hard last week to get ready for the annual Homecoming events. Their biggest task, of course, was getting their float made for the parade and then to keep it safely hidden until time to exhibit it in the parade competition on Saturday. Also, for the big event, the club sponsored a candidate for Homecoming queen. Lucky girl for this title was Miss Noreen Markus.

Getting down to the regular business meeting, the B-Cubes have decided to meet Monday noon in room 110. A small due will be charged to each girl who wants to be a member of the club. Those dues can be paid to Miss Mary Lou Rider, club treasurer. In order to meet the needs of the club the girls are asked to pay their dues as soon as possible.

Selective Service Tests Available

Applications for the December 4 and the April 20, 1952 and the March 25, 1953 examinations of the College Qualification Test and the Selective Service System local boards throughout the country.

Eligible students who intend to take this test on either date should come to the nearest Selective Service local board for an application and a bulletin with full details.

Following instructions in the bulletin, the student should fill out his application and mail it immediately. The application and bulletin, the student should fill out his application and mail it immediately. The application and bulletin should be filled out at once, regardless of the testing date he selects. The results will be reported to the student's Selective Service local board, and a decision of deferment will be made based upon the student's conscientious objector status.

Drive Carefully

Drive carefully when around the school and avoid hurting somebody. If you have to drive fast, do it away from the school. We want to see everybody finish their college education. Please be careful.

A JOB WELL DONE

I would like to bestow my sincere thanks to all the students and staff members who contributed to the blind at the assembly they gave us. As you were all told the importance of this organization in helping the blind and how expensive it is for them to make books for the blind, I take my hat off to all the students who contributed to this noble and worthy organization. Thank you.

I wonder if you have any problems yet in the way of studying and have time to come around the school. At the beginning of the year you chose an advisor to listen to your problems and help you straighten them out. You should feel free to tell them at all times and they will listen to your trials and tribulations and help you. Remember teachers are human just like you and they have their problems also. So look for an advisor up and talk to him, it will probably do you a lot of good.

At The Library

The library staff is busy in the college library these days making sure new subscriptions are received, cataloging book and periodical subscriptions and general rules of borrowing and what not.

Mrs. H. D. Bedford as head librarian is training Eva Lloyd, Phyllis Browning, Shirley Byrne to help at the circulation desk.

Mr. L. Howlett late of Cleveland, Ohio, where he got his degree in library science feels almost as much at home in Pigeon Forge as in Ohio, where he studied for his bachelor's degree. He says, "I like BJC very much, especially the wonderful faculty and students here. I have a lot of long-standing friendships."

IRC Convention To Be Held Here On Oct. 31

A conference of the Northwestern American Intercollegiate Relations Clubs will be held on Boise Junior College campus October 31 and November 1. One hundred ten students from five collegiate clubs of the northwest are expected to be present at the convention. The Boise Junior College advisor with its quota of students will be in attendance on November 3. October 31 and 32, with a luncheon meeting on November 1. The four day convention, informed on international issues, will have the following agenda:

Round table discussions of small groups of students will follow the addresses by the conference speakers. A banquet will be held Friday evening, October 31, followed by a program of entertainment by students of talent.

The conference meetings will be open to Boise Junior College students only and some few college cooperating in putting on the conference:

The College of Idaho, Northwest Nazarene College and Boise Junior College. The College of Idaho will arrange the program, secure the speakers and publicity for the conference among the colleges of the northwest. The Nazarene College will help with registration, with placement of the visiting students in local hotels and with the details of entertainment. The Boise Junior College will act as host to the visitors and will arrange living quarters for the students. Miss Helen Hall, a sophomore at Boise Junior College, is president of the local international relations club and is one of the visiting members of the club who will carry a large share of the responsibility for the conference.

He asked her to marry him. She said, "Go to father!"

And she knew that he knew she knew what she meant when she said, "Go to father!"

Futy: "Why did you run home last night?"

Floyd: "I was being chased!"

In a Nugget Camp there is but one gender—Nuder.

French Club Doins

Bonjour! Comment allez-vous? Qu’est-ce que vous faites? You would think some one around here was foreign. But no, the French Club getting its organization started, is starting a new year. It seems that the members of this club are interested in learning French in order to help maintain relations with other countries. The French Club has a large membership and is interested in helping foreign students to the best of its ability.

Jenkin Doins

She knew she had a friend in Jenkin. His friends were always there when she needed them. She knew what she meant when she said, "Go to father!"

Gym Class

Pigeon targets are in demand. Watch your step or you may be next. Miss Catherine's archery classes are practicing on paper targets. Now you may wonder what the game is all about. But the others who are shooting on the spur of the moment. They are playing field archery this year, which would be a lot more exciting to see.

With bows ranging from 13-45 pounds the classes are planning a field trip to Rocky Canyon near Kuna and practice on pumpkins and corn shocks. Sounds like fun to the group who are planning to make Round Robin wherever everyone plays.

Seven men hockey teams hope to try competition with other colleges for social as well as competitive purposes.

The Phi Sigma game will be arranged for Thursday night, the choir will be present and to prepare. The big concert for this fall is the annual Christmas program and as soon as that is finished the group will again begin to prepare for the tour. The band has a problem in assembling as it is a marching band and the band under the direction of John Best has many of its members in school because they appear at so many functions. They are still preparing for the big concert. For this the choir fall in the annual Christmas program and as soon as that is finished the group will again begin to prepare for the tour. The band has a problem in assembling as it is a marching band and the band under the direction of John Best has many of its members in school because they appear at so many functions. They are still preparing for the big concert. For this the choir will be present and the choir is scheduled to give a few performances throughout the area.

Last year both groups made several appearances where they presented concerts. It is interesting how many of the school's students, from which source funds are derived to pay the costs of the concert tour.

Yes! Miss Catherine's hobby, hunting with bows and arrows. General hunting season is open, October 5, to November 5, in the Payette River Preserve archery hunting area.

Student (in car to sweet young woman): "Listen, I love you."

Student in car—"Oh, for goodness sake, what is the matter with you?"

"She says that this season's total is magnificent."
