Roundup, November 3

Associated Students of Boise Junior College

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
VOTE TOMORROW

Let's Vote

BJC students and faculty will have the opportunity to vote for president tomorrow from 9 a.m. to 11 a.m. in the main hall. Only the candidates for president and vice president and Democratic parties will be on the ballot. All students and faculty are urged to take this privilege of voting and use it wisely. We have a right to make a choice and has bearing on the election of the candidates, however, it is left to determine the trend of voting to see whether it is Republican or Democratic.

Last year under 60% of the registered people voted and that means that a total of 60% of the population did not even use their right as an American citizen and vote. All the people over 21 or over who have a right to vote, should use their opinion of a good candidate for citizens making express to elect the person they want this for. This is the right of free election, let's use it.

A special election committee under the Ay and Sow council will be appointed for this function and the ballot will have charge of carrying out the proper procedure of an election. The Student Body and Board Pres. Re. Fraser will also participate in this election.

Speech Class

What are your views on BJC's competitive situation? Do you feel that BJC's favorable situation is equal to or below that of the Bronco's? It seems obvious in our mind, as the boy's all have resulted in the last few years. However, in our country there are few school which is sufficiently said. The popular figure is the folk dances along with the rhumbas, sambas and tangos.

Included in their athletic activities is the student body's volleyball and football. However, BJC is not much different in Bolivia than it is here. It was stated by Miss Stege.

The school year in this South American country commences in January and ends in October. The students have two weeks break at the end of October, Thanksgiving vacation in June and have their winter vacation in December and November.

New Addition

Mrs. Hatch, head of the English Department, announces an addition to that department in room 55.

This is an extension of the library service, Mrs. Hatch says, and at the beginning of the new year it will be open to students, and those of the music department. A record desk will be available for the use of the music students. The music department has finished the library and is ready for the use of the music students.

The machine is ready for use now and is open for both students and either students or group individuals. The machine is for the use of small groups of individuals.

Mrs. Hatch says the key to the library is available at the end of the next term to the students.

Notice to Dorms

Tomorrow, Tuesday, November 4, all the residents of Miss Shinn's halls will have their picture taken at 1:00 p.m. In the time so you be in time to vote...
What Is School Spirit??

We would like to examine the several kinds of school spirit.

There's the kind who just like to see their names in the paper or up there in the bright lights. And then there are others who feel it's their duty to get out and support something since they go to school. Well, the way we feel about that is that it just isn't anybody's duty to be enthusiastic about Boise Junior College's games, dances, meetings and assemblies.

School life is probably the most important thing in the life of a student, and logically should be a part of the life of a student, and logically should be about Boise Junior College's games, dances, meetings and assemblies.

School life is probably the most important thing in the life of a student, and logically should be a part of the life of a student, and logically should be about Boise Junior College's games, dances, meetings and assemblies.

Theresa among Boise Junior College's games, dances, meetings and assemblies, that is that it just isn't as important as studies and class attendance are only two sides of the wheel.

There are also such factors as friends, both faculty and students, relaxation, and what better way is there than games and parties and such, and general getting to know something about the other fellow.

Therefore, we believe that everyone has "school spirit". But some just display it in a manner perhaps unfamiliar to others. Some may find greatest pleasure in demonstrating their school spirit by high marks and good attendance. While others may feel that games and sports rallies are the most asset to the college itself and one who takes part in civic affairs, portrays an amazing amount of enthusiasm, and weighs 180 pounds. He stands 5 feet, 11 inches and is in his second year at BJC. He is taking business administration and plans to be an accountant. His main and only sport is football, in which, as many as have already seen, he is very talented.

Hats off to Jack Masterson for the wonderful job he is doing in helping the team to victory.

Hockey Team To Travel

Those lucky girls on the hockey team are in for a real treat in the near future. Friday morning, November 14, the team will leave on an all expenses paid trip to Eugene, Oregon, where they will be guests of the sorority houses on the University of Oregon campus. The team is going on a chartered bus and will be accompanied by the girls' hockey team from the Idaho College of Idaho. Some of the lucky girls from Idaho who are making the trip are Marian Disney, captain of the team, Bonnie Kane, Joanne Redlake, Joan Wadell, Danny Nelson and Deborah Hanson.

There's lots of excitement around the dance floor-giving old friends a new look. There's a lot of excitement around the dance floor-giving old friends a new look. There's a lot of excitement around the dance floor-giving old friends a new look.
