Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at [archives@boisestate.edu](mailto:archives@boisestate.edu).

## Group Organized Seminar Basis

Recently organized under the direction of Beverly Mays is a group consisting of about 15 BJC students. This seminar-type club is non-denominational and it is open to any student who are interested in discussing religion, in particular teachings of Jesus Christ in chapters Matthew, Mark and

Mays placed a bulletin in all when the group was first organized, explaining the purpose of the new organization. It said, "In our pursuit for happiness we seldom pause to ask what we are pursuing. Nor do we inquire whether our means are likely to lead us to the desired goal. . . . Failure to try seriously to find answers may be caused by our being too busy to take time for long thinking or by fear that the solutions are too difficult.

The seminar's approach is objective and analytical. . . . The technique is that of a group discussion which gives all participants opportunity to raise questions, contribute ideas, consider different points and look in common for probable answers. . . . Wholly non-denominational, it is open to persons of all faiths or no faith—it does not seek to build a religion, church, sect or cult. In fact, the seminar seeks to ascertain what Jesus said, what he meant, what sense that makes to us, and, if it makes sense, what practical implications are for

members organized because of a common wish to discuss their doubts and problems with one another after having talked with Beverly Mays, who has a similar adult seminar group.

Meetings are held in the Union building on Friday evenings, 7 to 9. Anyone who is interested is welcome to attend.

## Our Slated

President Eugene B. Chaffee has announced another European tour, to begin on June 30.

A seven weeks tour of Western Europe will be led by Dr. Paul Baker, chairman of the social department and adviser to the International Relations club. The tour will be known as the Junior League club, and will have as its theme, "Western Europe Integrated." Members of the seminar will travel with officers of Western European governments to discuss problems of allied unity.

France, Belgium, Holland, West Germany, Switzerland, Italy, and the Netherlands are the countries on the schedule. Among the activities will be university lectures, excursions and interviews with the presidents and members of private organizations.

The tour may be taken by college students, professional people, businessmen or other adults interested. Up to six units will be given to those who wish college credit.

The group will leave from New York on June 30 on the one-class liner "Castel Felice, Cruise ship," which will return to the states late August. The cost of the trip, including all essential expense from New York to New York will be

Further information may be obtained from Dr. Baker.

## Hear Ye!

Confucius said, "Women and the uneducated people are most difficult to deal with. When you are familiar with them, they become cheeky, and when you ignore them, they resent it."

## PE DANCE CLASS PLANNED

Among those attending the Alumni dance were, left to right, Mrs. Philip Meagher, Mary Lou Lacka, Jerry Crandall, ANB proxy, Mr. and Mrs. Collin Taylor (Dorothy Chatburn), and Philip Meagher.

According to Howard Rowe, registrar, a dancing class will begin the second semester, which will give one credit and will be classified as a regular PE course.

PE 36B will be held on Fridays at 4:00 in the ballroom. Modern and square dancing will be taught. It is hoped that many students will respond to this opportunity to learn or improve dancing ability.

Also, it has been discovered that many students stay away from Union Nites and other dances because of lack of dancing ability. Although Union Nites afford other recreational activities for these students, most feel that they would enjoy dancing more.

Next Union Nite will be this Saturday evening. According to Mrs. Ada Burke, those in charge have attempted to make these "open" nites as informal as possible, and to create a "club" atmosphere. The downstairs is available for those who wish to "drop in" for a coke or a game of cards. There is no need for those who do not dance to stay away. However, after a few class periods in PE 36b, they will find that they enjoy Union Nites even more.

## Semester To End

According to Howard Rowe, registrar, BJC students may now start pre-registration for the second semester. Students may go to their advisor or to the registrar to have their courses scheduled. They can then pay their fees on the registration days of February 1 and 2.

The first semester ends January 29, and tests are scheduled for the week of January 25 to 29. No classes will be held during test week. Classes will start for the second semester on February 3. Grade reports will be given out a week or two after the second semester starts.

Among the new classes in which students may enroll are business law and social psychology. The social psychology course offers 2 credits, and the business law, 3 credits. The physical education department will offer courses in bowling and in square dancing. One credit hour is given for these courses.

## McLean Exhibits Art Work

Exhibited on the third floor bulletin board in the Ad building is some art work of Dick McLean's. Included in the exhibit are examples of Dick's aptitude in pictorial composition, commercial art, lettering, pen illustration, and abstract design.

Professionally, Dick's exhibit displays two ads, together with the originals, which were published in the Idaho State Automobile Association's paper.

## "I'll Be Home for Christmas" Was Theme of Annual Alumni Dance

"I'll Be Home for Christmas" was the theme of the annual Alumni Christmas formal, which was held in the Student Union building December 28. The social com-

mittee sponsored the affair.

The upstairs ballroom was decorated with shadowy, sprayed tumbleweeds and highlighted by an upside down evergreen, draped in angel hair, suspended from the ceiling. Decorations in the downstairs ballroom were centered around a large fireplace which covered one side of the room.

Assisting Leone Sweany, general chairman, were Don Jevons and Jim Wells, decorations; Marjorie Black and Beverly Burwell, tickets and programs; Donna White, intermission, and Pi Sigma Sigma, cloak room.

Mrs. Ada Burke, Mrs. Ada Hatch and Dr. and Mrs. Don Pehlke acted as chaperones.

## NOTICE!!!

Group and club shots will be taken tomorrow at 12:15 in the auditorium, according to Frank Carr, BJC photographer. There will be bulletins placed in the halls.

## Professor to Speak

All students are invited to hear Dr. Frank Williston, professor of Oriental culture at the University of Washington, today at 1:30 in room 110. Dr. Williston will speak on "The Crisis in Asia."

## Scholarships Offered

Scholarships in many different fields are offered to qualifying students every year, but according to college catalogs, few of these are used. This is because they are not applied for.

Posted in the main hall are notices of scholarships to colleges such as the University of Oregon, Mills College, Colorado College, the University of Rhode Island, Nursery Training School of Boston, which is affiliated with Tufts College, and the University of Pennsylvania.

Additional information regarding these scholarships and others may be obtained from Howard Rowe, registrar.

## Associated Women Plan Assembly Presentation

Thursday, the Associated Women Students will present an assembly at 11:10 in the ballroom. All women students are urged to attend, since nominations will be made from the floor for King of Hearts for the Sweethearts ball, to be held Feb. 12.

Co-chairmen for the assembly are Donna Chatburn and Helen Elguezabal, freshmen representatives to the AWS council. A skit has been planned to publicize the Sweethearts ball.

Treasurer Wanda Drake will give a financial report and the prospective budget for second semester will be discussed.

## Clubs Support WUS

According to the International Relations club, which sponsored the World University Service campaign this year, donations to the fund were double those of last year. The drive was extended through the holiday season, to give various organizations time to raise funds for the purpose.

The receipts are as follows: Canterbury club, \$10; Intercollegiate Knights, \$10; faculty, \$14, and student body ("Dime on the Line"), \$27.25. These donations add up to a total of \$56.25.

Westminster club has made arrangements to contribute later in the year.

Larry Smythe, local drive chairman, has again expressed thanks to the student body for its cooperation throughout the drive. He also remarked that the fund will be used wisely in helping college students all over the world with their educations, thus building a stronger civilization for all.

## FTA Activities Told

Our feature club of the week is Future Teachers of America. This club is made up of education majors on the Boise Junior College campus. At present, there are about forty members, making this club one of the largest on the campus. The club is trying to top the state record which is held by the Nazarene college at Nampa, and which has a membership in the neighborhood of sixty.

Recently the members elected Larry Smythe as vice president. He will automatically become president next year. Barbara Rea holds the position of president this year. Mr. Acel Chatburn, head of the education department, is the club's advisor.

The club keeps a scrapbook of its activities, which include socials, lectures and bi-monthly meetings.

## Classroom Philosophy Found In Classroom Gleanings; Straight Dope Told

heard in the Class Rooms  
Butler counting the loot—  
ways knew Bill could figure  
angles, but how he worked out  
no is really something.

can spot these skiers a mile  
these days. Their hands are  
ting around and they're giv-  
the old knee action. It's  
ig so bad you can't even hear

a lecture. How good, normal people  
can end up in such a state is a  
real threat to civilization.

We understand Jim Hoyle is now  
tying strings to his towels to keep  
them off the court.

The student union is thinking of  
stocking diamonds, nothing down,  
easy payments. Why miss a good

thing?

It is rumored that most instructors  
feel that their classes are  
much too big this semester and  
hope for smaller ones next semester.  
Also, it is rumored that each  
has purchased an axe . . . to make  
sure!

It has been pointed out to the

nurses that they should marry the  
fellows majoring in business. Who  
could do a better job of managing  
their huge salaries than they?

People majoring in education are  
urged to sign up for plenty of  
crafts and hobby courses. After all  
what will they do with all that  
free time?

### Why No Go?

From the sad sight of the all-but-empty bleachers at the opening basketball games, it is apparent that you poor, decrepid old BJC fans wore yourselves out shouting yourselves hoarse at every single football game of '53. Either that, or your energy was all spent when you were high school kiddies.

At any rate, your spirit's showing, and what a bedraggled sight it is! BJC's teams have always rated high on the list of junior colleges, and up 'til now, there's been a justifiably proud attitude taken by its loyal supporters. This early in the season, and with a promising team such as our's, there can be no excuse for lack of enthusiasm.

Let's see a big turnout at the next game . . . be there early for ringside seats and see your cagey five go into action at kickoff time. With your cheers and pep behind them, they'll be battling a thousand for you!

### PE Schedule Charted for 2nd Semester

Information for second semester physical education classes has recently been given by Jeanne Boyles, girls' P.E. instructor.

Co-rec. bowling will be offered. Classes will meet each Tuesday at 4:15 p.m. at the Boise Bowling Center. Mr. McCann will be sponsor for the group. Another co-rec. activity is a square and social dancing class, which will meet on Mondays and Wednesdays. Marvin Gardner will call for the square dances. Mrs. Boyles pointed out

that all men students may take either the bowling or the dancing class instead of, or in addition to P.E. 34.

Women interested in swimming may enroll in one of three classes. Beginning swimming will be taught on Tuesdays from 7 to 8 p.m. Lifesaving classes will meet the same evening; from 8 to 9 p.m. P.E. 53H, lifesaving, will also be open to men students. The intermediate class will meet on Thursdays from 7 to 8 p.m.

### Broncos Win Tilt With NNC 77-70

Shown above is a little spill taken at the Jan. 5 game between BJC and NNC. Bronco number 33 is Mrl Most.

A hard-fought 77-70 victory for Boise Junior College cagers was gained last Tuesday night against Northwest Nazarene College of Nampa.

The Broncos were in command throughout the game, rolling to a 41-34 margin at the end of the first half. In the second half the two clubs fought basket for basket with the Broncos' biggest lead coming in the third quarter, nine points separating the two squads.

The contest marked the fourth meeting this season between the two schools. Both have won two games apiece.

### Intra-Mural Games To Begin Soon

Coach Lyle Smith has announced the opening of an intra-mural basketball program to begin late in January or early in February. Students interested may form basketball teams and submit a list to Coach Smith. It has been requested that eight to ten players be on each list in order to assure attendance of at least five at each game. The games will be played afternoons and evenings when the varsity squad is not practicing.

Bronco tipsters will leave this week for two Intermountain Conference games against the Rich College Vikings on Thursday and Friday.

These games will be BJC's second series of conference play this season, the first having been played against Westminster last Friday and Saturday.

### NNC Wins Tourney

Northwest Nazarene of Nampa roared its way to victory in the holiday Invitational basketball tourney Dec. 30-31, with a final 83-79 win-up against the Boise Junior College cagers.

Led by Crusader guard Finkbeiner, with 28 points, NNC picked up a small lead early in the game and then hung on grimly to edge out the host Broncos.

And it was Finkbeiner's dramatic shot with the score tied 79-79 that spelled doom in the final game.

### Do You Know Debby?

If you don't you should, because your contributions have helped this boy in his fight against polio. His treatment to date has cost over \$15,000. This is just one of the many thousands of children afflicted by this terrible disease.

We at BJC have been asked to assist in the 1954 March of Dimes drive. Our goal this year is \$125,000. Won't you give at least two dimes for Debby? Idaho is a major target area for polio. The last decade has been Idaho's worst for number of polio cases. Last year the expenses of meeting the threat of polio in Idaho totalled nearly two million dollars. In years past the state of Idaho has received more funds from the National Foundation than it has been able to repay. The state's goal is to finance its own program. It will take everyone's support to put the state's goal over the top. You will need to do your share.

This last year a recent development has proved a temporary protective measure against juvenile polio. This, as you know, is Gamma Globulin. During 1954 the vaccine will undergo extensive field studies to prove its effectiveness. Won't you support the 1954 March of Dimes drive?
