Short Story Contest
Is Now In Progress

Women's Drama Club short story contest is now open to any

author who wishes to enter. In addition to 800 copies of blank entries, there are copies of the national contest rules. The contest is open to all students, and entries must be submitted by April 20.
In Our Opinion

Since the Roundup is sponsoring the current contest to select the best dressed student body, we shall make use of the editorial column to encourage all of the students to participate in the election. As stated in the contest rules concerning the selection of the winner, the winner at BJC will be submitted to the national contest put on by GLAMOUR magazine. Should she be one of the 10 national winners, it would give the school wide publicity besides its own recognition. Because we will represent our school, we should strive to make the best selection possible.

The following hints should be of some assistance in choosing the best possible candidate.

1. She has a new figure; a really well-shaped or attractive one.
2. She knows that a great deal of her beauty depends on good grooming. She is well-groomed.
3. She aware that a college campus is NOT the place for an extravaganza wardrobe. Indeed, an average amount on clothes is far preferable to a specialized type.
4. She has an attractive figure. This is evidenced by the contours of her figure.
5. Although she understands her own college-fashions rules, she likes clothes that fit her body.
6. When away from college, she, too, fits into a specialized type.
7. She knows how to wear makeup, but doesn’t overdo it.
8. She knows how to dress, whether it be a party or a casual occasion.
9. She has a wardrobe and plans her personal costume to match it.
10. She has an overall wardrobe plan and has probably purchased necessary accessories to create different kinds of looks for her wardrobe.

Tim’s Campus Comments...

We students at BJC have many things to be proud of. One of the most outstanding is the student body. This is one of the five schools in Idaho where the students attend for recreation. Very seldom is the word “horse play” connected with BJC students. The manner in which students drive around campus is due to the enforcement of the traffic law.

The majority of the students who drive their cars are 18 years of age and older. All are thoroughly familiar with their cars and everywhere they go they leave a very good mark on them. We take pride in our campus.

Of course none of this would be possible without our excellent teaching and administrative staff. Thanks to them, a student with good grades can transfer to almost any school in the U.S. without the slightest academic handicap. And following by the way, the freshman class of 1956 is no exception. These students are not going to fail this year.

If we all have a great deal to be proud of, but most of all we should unite to make Boise Junior College TOPS.
