Do you think TV shows are as good now as they were a year ago?
Several: I don't watch television enough to know. I prefer books.
Roberta Powers: I don't believe they've improved. They'll have to become more interesting for people to watch. Otherwise people will stop watching.
Larry Green: I don't watch as much TV as before, but I don't know.
Cecil Matthews: I don't know; our picture tube is burned out.

In this two-decade period, his tenure at the college has been unbroken, except for a brief duty in the armed services during the war, when he served as a captain and cyprophilic officer in Northern Europe in the Philippines.

The only other alteration of his structural career came when Mr. Schwartz spent a full term at Cambridge, England, office he decided to take private, all this year.

Originally from Illinois, Mr. Schwartz has devoted his entire career to teaching. He has been in a number of schools in Park Ridge, in which he taught every year except the last two years of high school; in the work of the Federal Office of Education; and in a private school as a counselor.

THANK YOU, ONE AND ALL...
At this, the end of a successful school year, a great many "thank yous" are in order. But trying to express a true feeling of appreciation has always taught people so much in my estimation. Thus, one can understand the words of Hannah More who said, "Accept my thanks for thanks, I have no words.

Nevertheless, the days remain short. "Thank yous" must be expressed by and for every student and faculty member. A book such as this would complete the work the BJC Roundup staff has done for all faculty and students was established by John Drury.

THE LAST ROUNDUP...
In this, the final issue of the ROUNDUP for the school term, it would be wise to remain entirely without the "thank you" phrase. This school year was a success; the students were satisfied; the teachers were satisfied, and the administration was satisfied.

The entire Roundup staff wishes genuinely to acknowledge the Robert Genter for his patience; good moral support; and interest, in his capacity as BJC Business Adviser.

Mr. Al Hough and the Mountain States Books have been mentioned for their painting; the Board and the Faculty are patient with us.

Finally, every Freshman student and faculty member deserves a special "thank you" for their cooperation and enthusiasm in making this school year a success.

But we mustn't forget, unfortunately, every student would like to say, "Thank you, Mother; thank you, Father, for making this college year possible for me." EBC.
