**Students Can Help**

The students have been wondering and asking about "what can we do to help?" We are the ones who live here under these crowded conditions while trying to get an education. Now a plan for student participation has been outlined and the students now know what they can do. There is no reason why the bond election should not be successful. Each student should be able to persuade at least two people to vote in favor of the bond election.

Let's all get behind the College Trustees who are charged with the responsibility of seeing that the bond election is successful. Each one that does not participate will have no right to complain about the conditions that presently exist at BJC.

**October's Bright Blue Weather**

October Crept upon our fair city with a fresh autumn tang bringing with it the first frosts and days of warm, hazy sunshine. The leaves have turned to sparkling golden colors and lie as a crisp thick carpet on the ground. Most birds have flown south. The sky has turned a brilliant blue.

We have a welcome to quote Helen Hunt Jackson's old favorite and success. Each student should be able to persuade at least two people to vote in favor of the bond election.

**Inside the Library**

Look for the United States, Oct. 24, displayed in the library featuring recommended books and pamphlets about the UN. Another thing to look for is a map of the library posted on the wall of the 1907-1967 periodicals rack. You can't miss it. Just keep going so that you'll end up in the library and walk right into it.

Even sophomores are still having trouble finding their way around our small library. Students, there is a large colorful chart indicating subject areas, and there is also a bulletin board, in the first room on your left as you enter the library.

A page from Chavas's Canterbury Tales illustrates the idea of the glorious pilgrims going to the Canterbury, is posted in the library. A request of Mrs. Ada Hatch. Not only students from Mrs. Hatch's World Literature classes but also those who are interested in seeing a printed page from the first should be the page.

**Dorm News**

Judy Suiter and Julie Armstrong were elected the new secretary and treasurer, respectively, of the Morrison Hall. Their election completes the slate of dorm officers.

Hosie Myers and Julie Armstrong are acting co-chairmen for the planning of the Homecoming Float to be sponsored by Morrison and Dixieland Halls which is to be entered in the contest during the parade. Their committee is working on all of the ideas and the work will be done by the residents of both halls.

DOROTHY BLACKALLER

Life has been one big move for Dorothy Blackaller who was born and reared in Kansas City, for four years before moving to Can-

ada. Since then she has lived in Alaska Falls, Canal, Wash. Wash. There she was pres-

ident of the freshman class, and in Wellesley Hills near Boston. Mass. At Wellesley High School she was on the Student Council and the Home Roll during her senior year.

The 118thood was elected president of the Folk House re-

cently and stated that "this. plus being a candidate for Homecoming Queen has made this fall real-

ly exciting for me! I wish to thank the BJC for sponsoring me as their candidate. This is the big-

gest honor I've ever had!"

Patti Schumaker

Ten Alpha Pi Candidate

Soft-spoken Patti Schumaker, 18, (Ten Alpha Pi candidate) en-

joys tennis, water skiing, sewing and watching baseball. The blue-

eyed, brown-haired freshman is the daughter of the John Schumak-

ers of Boise, and plans to be-

come a nurse-anesthetist.

In August Patti was one of the five finalists in the Miss Boise Pageant.

She enjoys listening to Barbra Streisand and Bobby Rydell, and likes to dance. She is the only girl in her chem lab and several male students have been overheard ask-

ing if they could "assist her in any way."

"Thank you, Ten Alpha Pi, for sponsoring me. I have really en-

joyed being your first lady," she said.

Miss Schumaker.

The one hundred twenty-five, 5' 4" coed likes mink, Corvettes, and has a small clothing budget. "I don't want to get together to get clothes," she said.

Patti plans on going to Washington next year.

To professional doctors and nurses the 25-year-old nurse was a contest for non-dancing coeds.

"I feel fortunate to have been asked by the BJC to be part of the Homecoming Queen and I'm looking forward to the opportunity to run for Home-

coming Queen for the Pi Sigma."

I am fond of music, especially classical, jazz and modern pro-

gressive folk music." She enjoys music, sports and almost all fine arts.

Miss Ryan is 5'6", weighs 122 pounds and was the valedictorian of her graduating class at Garden Valley.

She plans two years at BJC and then to continue her education at Oregon State.

Kathy Reay

Big Candidate

"I think boys should be ener-

getic, scholarly, mature and have good personalities," says benevol-

ent Kathy Reay, 18, the daughter of Mr. and Mrs. David Reay of Gar-

den Valley. Kathy is a freshman majoring in elementary education and says, "I feel fortunate to have the opportunity to run for Home-

coming Queen for the Pi Sigma."

She feels that the students and faculty are very friendly and she has no difficulty making friends.

A rehearsed suggestion for next year's Pi Raging Contest is a contest in non-dating coat-tails.

There is little chance for people to get together as long as the coat-tails have to be in the front of the bus, the back of the church, and the middle of the road.

KBJC Goes on Air

KBJC is on the air! BJC's radio station will be broadcasting from 4 o'clock to 8 o'clock five days a week, operating on 1290 kilocycles. This is an educational program, so there isn't any advertising. Just pure music (jazz, classical, and rock 'n roll), a few quips, and campus news.

Mr. John G. Woodworth is the teacher of the radio-television class of students. Some of the disc jockeys are Gary W. Smith, Linda Kelly, Mike Conrad Hill, Leslie Bemson, Mary Robbins and Dean Mill-ler.

If you are interested in radio-televisons, get in touch with Mr. Woodworth. They need B. 72.

ATTENTION EVERYONE! Director John Best calls, as he gives directions to BJC musicians after

 Wangen's suitcase (borrowed) and Don Hawkins' phased parade car, unwittingly parked in the dark, were flattened.

It was an exciting football game, ending in a tie, with the rooting section augmented by a sprinkling of parents and former Bohemians. Some of the cars were disagreed to miss the post-game fire on Urrurr's hill.

Departure time was set for 7 a.m., before breakfast. The return trip involved many cups of coffee, sandwiches, songs and card games, as the music of the sax combo.

Irresistible Pete Casebolt blared out a clarion "Charge! on the trumpet and awakened the cat-nappers. A mysterious case of bus shakes turned out to be a flat tire on Urrurr's bus, which pulled into Cle Elum for first-aid.

Facing Homecoming
tilt with Dixie JC

The Broncos have returned home for the big event of the fall — the annual Homecoming game. This year they will host the Dixie Rebels.

Last year at Homecoming the Boise gridders battled back after halftime, when they were trailing 13 to 0, to win 14 to 13. This was against Everett.

Dixie faced the Broncos last year, and suffered a 27 to 0 setback. Since the Boise school has found the going rough this season, it is an established fact that all the other colleges in the conference are gunning for upsets. BJC has now a 1-2-2 record and they need a little better than BJC's with 1.5 yards per kick as opposed to BJC's year wasn't even a contest as the Broncos ran up an astronomical score of 75 to 6. In 1960 BJC topped the Rebels 33 to 6.

RICH ERIKSTEN clothes for the slippery ball as Everett Trojans close in for the tackle.

The hosts picked up 60 yards of penalties.

Bill Smith, BJC's battering fullback, walked off with the most valuable player prize. His red-dogging on defense and his rumbling rushes on offense made him the chosen candidate. On many occasions Bill burst through the Everett offensive wall to null the ball carriers before they could set up around end. It was his one-yard plunge that put the Broncos out in front late in the first half. Don Neves' conversion was successful and at halftime it was 7 to 0 in Boise hands.

A long pass from Howard to Holland looked like the Broncos were finally going to move the ball and BJC looked better in its last drive of the first half. With only seconds remaining, BJC lost possession and the first play from scrimmage Everett tossed a pass which Schmel intercepted, ending the half.

Everett came out in the second half ready to saddle the Broncos. They sought the aerials and made sizable gains until the Bronco secondary stopped the Trojan progress.

However, most of the third period consisted of trading fumbles and intercepted passes. One particular runback on a punt by Don Nevin brought the few Boise fans to their feet, but he was run out of bounds near midfield.

Everett scored in the final period on a pass from quarterback Jamie Campbell to end Mike Potter. Ironically it was a 4th down and 10 to go.

As the final whistle sounded a general free-for-all broke out among the two teams, which was swiftly broken up by the officials and coaches.

After the game the "most valuable player" trophy, a watch, was presented to Bill Smith, by the Everett Shriners.

I would like to express my appreciation to the faculty members who made this road trip possible.

Wild PE Football Games
Give Noon Entertainment

Boise hotels are reported filling up rapidly with professional football fans, who later congregate on the football field during the noon hour. They are fascinated by the Intramural football being played by the P.U. boys. This is the wildest game you ever saw. Pass any time, forward passes, and various slight-of-hand Every effort should be exerted to see these exciting contests.
