Roundup, December 6

Associated Students of Boise Junior College
Rod Carr, BJC Commercial Art Major, Designs New Banner to Head Roundup

Rod Carr, a BJC sophomore commercial art major, had designed the new banner heading which will be used on the front page of the Roundup soon.

Carr's design was picked from seven other entries from Mr. Leo Jeff's art classes. Judges were from the journalism staff and selected faculty members. This judging artist explained that the idea of a boardernal banner for the newspaper seemed a good combination for a western name and the Roundup, and especially since the college follows the western theme.

A graduate of Boise High School, Carr first became interested in art during his senior year when he took his first art course in lettering. He was encouraged to go into the commercial art field.

During his freshman year he took Design and Color, Art Appreciation, Drawing, Figure Drawing, and Art History.

Open House Planned

A committee of faculty members will be the judges. Donna Myers, chairman, is assisted by Cheryl Pemberton, co-chairman.

Others working on the project include: publicity, Sandra Norton and Horsa Merremia; refreshments, Carolyn Pitman, Mary Ona and Jan Edmson; booklets, Marilyn Garberich; decorations, Linda York and Linda Williams; invitations, Virginia Marchek and Madeline Marchek.

The subject of cheating is an old one. The time a student is at the college level, he has heard dozens and dozens of times the reasons why he should not cheat. His teachers have lectured to him through their elementary and secondary education; his church has spoken its stand on the subject; he has read countless articles, and his parents have taught him that in cheating he is hurting himself more than any one else.

Why is it then, after all this repetition, warning, and drumming, that some students continue to cheat? Why do some individuals wait for their fellow students to cheat first, then It is not to cheat. The habit of cheating will not only hurt themselves as they wait for instructors to turn the material and analyze it for its worth. Both sides of any question have a Boise Jaycees. Students who cheat on tests are those likely to cheat in other trials of life. They will eventually, if not immediately, be caught for themselves. Needless to say, they will lose the respect of their fellow students and have a feeling of constant fear of getting caught. And what will happen when they journey out into life? For, after all, the college years are only a fragment of a whole life. Inevitably the best prepared for the job will get it. A college education is being offered to us as an opportunity to be better equipped to face the world. The habit of cheating will not only hurt themselves, but it will be unprepared for the job.

Author of "Home Below Hell's Canyon" to Continue Writing in Washington

Grant, June Jordan had just prepared her notes for the first day of her seminar when she completed her and her husband's public life. She had been a professor at the University of California, Los Angeles, and had recently been appointed to a professorship at the University of Washington, where she will teach this fall.

Other books with Jordan's background written by Mrs. Jordan are "Canyon Boy," and "The King's Plants." She is taking her current manuscript to Washington for an immediate appearance in publication by the middle of 1960.

The writer says "I have always wanted people to write down the stories of their ancestors ... of their parents, of their grandparents, of their great-grandparents." She adds "Many true accounts of human motivations, hardships of early days and the survival adventures are lost forever because no one bothered to record them," she said. ""I've come home and started" is her admission to everyone. H.T.

The Student Union this year continues to be the center of social activity on campus. Many changes have been made for student convenience and to improve the quality of service. Among these improvements are the addition of a new coffee shop, the Stak Bar, and the expansion of the Snack Bar.

The Stak Bar was recently added where a special steam table has been provided. About 1000 faculty members eat here every day.

The Snack Bar now has a separate service area, separate steam tables, and a large variety of foods. Almost all of the food served is homemade with the exception of bread and donuts. Approximately 5000 patrons are served every day.

In a typical week students can choose between 50 and 60 different salads such as: chicken, potato, coleslaw, macaroni salad, and coleslaw. The most popular in the selection.

Thirty-five gallons of milk are easily consumed in a day in the serving line alone, equaling approximately 220 gallons served during the entire week. The students also consume the equivalent of 1000 eggs every week.

The Saga Food Service now has four separate service areas, the cafeteria line, steam table, faculty lunch room, and a program at the Folk House, newest women's residence area.

Two student cooks prepare the meals.

The change in the Stak Bar line was enacted in order to reduce unnecessary waiting in line and has increased efficiency in service, the managers state.

There are nine cooks who also help with counter service plus 21 student helpers serving as cashiers, dishwashers, furnished workmen. try cooks and general cleaning.

Since 1960, the Saga Food Service has served 2000 students a day and approximately 100 in the course of a week.

The cafeteria line serves approximately 100 students at breakfast, 550 for lunch, and 175 for dinner. The Saturday night special dinner is served here by far the most popular meal.

The Saga Food Service is managed by Tom Widenhouse.

Similar programs are being carried out in Idaho at the College of Idaho, Idaho State College, and Northwest Nazarene College.

Compared to bigger colleges, our program is actually quite small, Widenhouse said. In one week at Northwest Nazarene College, they serve 15,000 meals, said Widenhouse.

SPORTS ROUNDUP

By DARRELL PENNEN

Led by the tireless efforts of Ray Goodwin, the Broncos took a grueling court encounter at the Bowling Green winter캣. Goodwin, a real sparkplug in the BCJ lineup, pumped in nine field goals and five free throws for a total of 23 points to head the Bronco scoring column.

By defeating the juvenile Vandals 59 to 44, the Broncos have a one and one record, and more than averaged 23 points to lead the Bronco scoring column.

Defeating the junior Vandals last looking for material to supplement boom Hollis, a hard-nosed play, he was helped considerably by Dan Keller, who is a very consistent competitor. Also helping was Jim Smith, a steady guard with 11 points apiece. Their defense, however, was a great improvement over the previous night.

Despite improved rebound control, the Boise squad had improved some-what over the night before. Though the Frosh once more took the rebound honors, they were pushed by BJC. The unofficial tally was 38-35.

Though Goodwin may have stolen the show with his tremendous play, he was helped considerably by Don Keller, who is a bet-ter than average player and a very consistent competitor. Also helping the Bronco cause were towering Weston Parker, the Broncos' star, Dave Wagnon, a hard-driving guard, Mark Bather, John Olsen, Frank Fuller and Jim Trip-ple.

Scoring honors for the Frosh were shared by Ed Hawkins and Jim McElroy with 11 points apiece.

Hawkins Repeats
