Upon the Death of the President

[The following message was given by Patricia Outland, Boise Junior College history instructor, to her students when classes were resumed on Nov. 26, following the national day of mourning.)

You have been given a rare opportunity to know a story and probe for the public every facet of the terrible drama as it unfolded.

Two hours after a story and probe for the public every facet of the terrible drama as it unfolded.

To pray for their fallen friend and President.

In the Friday discussion group I had just tried to describe the awesome events of the last four days in our nation's history far surpass anything my efforts could at one time reveal positive evidence against him.

The very heart of the nation surrendered itself to unspeakable horror and uncertainty thrust upon America by the public execution of the French King and Queen.

Mrs. Helen Thompson, Business Advisor, W. L. Gotten, Photography Advisor, Franklin Carman.

At the same time the guarantee of the Bill of Rights were put into practice.

1. As the radio, television and press throughout the nation went after a story and probed for the public every facet of the terrible drama as it unfolded.

2. As the people of all faiths flocked to their respective churches to pray for their fallen friend and President.

3. As passion was overcome and the hand of justice was extended toward the accused assassin—

He was assured a defense.

He was not charged with the crime until an investigation revealed positive evidence against him.

In his death, John Kennedy has revealed to the nation the danger of extremes in thoughts and actions; the respect with which our prejudices and bigotry and to unite as one when the fate of the nation held abroad. Ninety-two foreign governments saw fit to send their American President.

To beat...and American faith in its constitutional system was reaffirmed.
