Associated Students of Boise Junior College

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
College Mixer
To Be Saturday
At L. D. S. Hall

An all-college mixer will be held Saturday, September 28, from 8:30 to 11:30 at the L. D. S. Tabernacle at Fifth and Third, to acquaint the students with one another.

Kiene, Van and Alice Power, social chairman for the year, announced that the dance will be a no-admission dance with admittance by activity ticket only.

Music will be furnished by Bob Hayes and his orchestra. With Jim Thomas as master of ceremonies, a program with novelty dances will be presented.

The committee announced that school colors, blue and gray, should be worn in order and ask that all freshmen attend.

Patrons and patronesses will be the faculty, their wives and husbands.

"B" Cubes Plan Show and Party

Jean Roberts was elected president of the "B" Cube, freshman women's organization, defeating Carol Will and Betty Kipping. Vice-president is Betty Kipping; secretary, Jean Andersen of Cascade; treasurer, Ruth Badgley.

Rita Weber, Mary Ertter and Abram Billerdeau were appointed assistant women advisors.

The "B" Cubes are sponsoring a fashion show and card party October 4. Jean Aboley is general chairman. Hurbert Caine is chairman of the card party, assisted by Margaret Kennedy, Jane McLaug and Winnie Butler. Margaret Davies is assisted by Rose Stanton, Charlotte Giannino and Martha Richardson. Helen Ganz, calling committee, assisted by Jean Huff, Ronnie Grey, Betty Mathews, Jonie Legatt, Bette Bailey, Ruth Nuth and Ruby Varros; Maxine Craven, ticket committee, assisted by Alice Ayres, Carol Burnham and Lorraine Murphy; Ruth Badgley, food committee, assisted by Leila Hinton, Arthel Baker and Ives Hedges.

Funds from the fashion show and card party will be used for the football banquet which is sponsored by the club every year.

MRS. AUST INTERVIEWED

Mrs. Elise Aust, new home economics instructor, thinks the B. J. C. girls on the whole are very attractive. The new building for her is "grand" and has many opportunities to enlarge in future years.

The home economics department now has three unit kitchens of which Mrs. Aust is very proud. Later there will be a fourth unit added. The department boasts its own library for home economics research and study. At a later date there will be a wardrobe and laundry included in this department.

Mrs. Aust took her undergraduate work at the University of Idaho, where she received her B. S. in home economics. Her graduate work was done at the University of Minnesota where she received her M. S. degree. She majored in education with a minor in home economics. While here she had a research assistantship.

College mixer on college steps—and buy, O boy, this time it's Boise's own new college; incidentally, Boise's own gala too. (Out, courtesy The Idaho Statesman)

New Instructor Hails From Washington State

In the midst of a pile of boxes presumably containing supplies to be used in his department, Mr. Mittelstaedt found time to comment a little on his past experiences and his hope for the future.

Our new chemistry and bacteriology teacher served as assistant in the science department of Washington State, and at another time for two years at Perdue University.

He has attended the State of Washington School and Perdue University as a student. For four years he attended the Nanuace College atampa. During the course of his studies Mr. Mittelstaedt acquired the following degrees: B.A. M.B.S., Ph.D., and has nearly completed requirements for his Ph.D. degree.

Mr. Mittelstaedt's opinion seems to be that Boiseans are friendly, and finds this spirit of friendliness to reign supreme in our college among the students. He especially appreciates the fact that the school facilities are not cramped—we have room in every direction, it is very evident. A great future is foreseen by him for B. J. C.

Among hobbies, taking movies predominates. Mr. Mittelstaedt is partially responsible for movies taken of the presentation assembly held Tuesday, September 26.

Dr. Jackson Likes Skiing and Tennis

"Boiseans should be proud of their town," said Dr. Joseph H. Jackson, A.B., M.A., Ph.D., in an interview Sunday.

The mountains of Idaho are so like Springfield, Vermont, that he feels right at home.

After graduating from Springfield High School, Mr. Jackson attended Middlebury, Vermont. He has since attended Cambridge University and Brown University.

His recreation is spent hiking, skiing, and playing tennis—all of which Idaho will afford plenty. He looks forward to the winter season in Boise Basin and Sun Valley, where he can vacation from his duties as instructor of sociology, contemporary civilization, history and philosophy.

VALKYRIES WILL SELL CANDY AT FIRST GAME

Valkyries will sell candy at the football game tonight with Harvard Westfield in charge.

"Will those people who have left their books at the Valkyrie book store please get them next week?" requests Dorothy Backer, president.

Thrilled Students Fill Halls
At New Boise J. C. Campus

ASSOCIATED WOMEN MEET NEXT TUESDAY

Physics McQueen will preside over the first meeting of the Associated Women, October 2, and Miss Ada Poitier, dean of women. Weekly meetings are planned to be held throughout the year. All Junior College women are members of the Associated Women.

FACULTY ENJOYS PICNIC

Sixty-five faculty members enjoyed a swim and picnic at Long's near Idaho City, September 17, after a faculty meeting. Miss Poitier was assisted by Mrs. Ashland, Mrs. Aust, Mrs. Bedford, Mr..Vaught and Mr. Blackmon.

CAMERA FANS

All camera fans are urged to attend next meeting Monday, September 30. Watch the bulletin for further information. Photog­raphy for the Leo Bois will be handled.

Mr. Mittelstaedt was chosen club adviser September 26th.

ENROLLMENT CLIMBING
New Building, Landscaping of Grounds, New Popularity of Classes, Sports, Activities, Cause Enrollment Rise

Memorable day of Boise Junior College was the opening of school that week, the first year for the school's permanent home, the second as a publicly supported institution, the ninth of its existence.

Splendid new buildings, greatly enlarged student body, complete undergirding transformation day by day of the school and new ad­options of Boise of having a real, full-sized college here are in process of being realized.

Enrollment has now reached to 400, according to records in the office of Mrs. Mary T. Hershberg, registrar. Last year's total for the entire year was 408. The first time registration had reached the 400 mark.

Classes too numerous to mention have been added to the curriculum: a dozen new physical education courses, the total to some 35 instructors.

New 1940 campus is being rapidly inviolated and enriched with top soil, in preparation for landscaping.

Excommunications of admiration for the new classroom and administration building have been numer­ous as can be expected. The new building has essentially redone the halls during the first week of school, exploring the building and finding where the doors of science, the green elevator and room 400 are located.

Football, assignments, book reports, English themes, all school demands confront the new college as students happily fall into the traditional role of Joe College and Betty Coed the world over.

It's school time again. And Boise is really a college town now.

Attention Studies!

As our advertisers are kind enough to accommodate us so willingly by advertising in the Boise Junior College Roundup, wouldn't it be fair to show some appreciation towards them? Yes, I think we should. So let's notice the advertisers that support our paper, and be kind enough to support them. Their advertise­ments make it possible for our paper, so let's return the kindness by patronizing them. Thank you!

DeNeufuille Likes New B. J. C. Building

Dr. Robert de Neufville, new­comer to Boise, is now teaching French and German in B. J. C. Dr. de Neufville came to the United States about three years ago from Germany, living for several years at Bun Valley.

Receiving his B.A. from Oxford, he next went to Marburg in Ger­many, where he received his doc­tor's degree.

His first teaching job in the United States was in the Boys' and Girls' school, the Adirondack, Florida school in New York.

Dr. de Neufville thinks that the Junior College has a wonderful building, being enthusiastic teachers and students.

Subjects on College Atmosphere

Psychologically speaking, we arealli.clothes, the din of old age may still be heard. He might say, "I was almost as sociable as the professor," or something. Anyway, that's all. He also was seen working at Walgreen's.

Be proud of your school to lead to a higher degree, and citizens of this area can well be proud of the faculty.

...one of the most isolated lookouts in the world. His existence is the best I've ever seen.

BRONCOS TO MEET

In Battle Tonight

Under the lights on the new Boise Junior College gridiron this evening, the Carroll College grid-

sters come from Montana to in-

vade the also new Junior College campus and to vie with the fight-

B. J. C. Broncos in this season's opening gridiron spectacle. These two teams will have the distinc-

of being the first to meet on the new and beautiful B. J. C. Turf.

In talking with the Bronco coach, Harry Jacoby, about the Broncos chances in tonight's game, he

stated, "I don't know what they have at Carroll this year, but I do know that our boys are really going to work and try and win the first game of the sea-

son.

Word received from Coach Ed

Simonich at Helena just came in

and he states, "Our squad is small but tough; new men are looking good at many posts with tackles and backs especially strong. The Kaparich brothers, field weight guards, will surprise you. Hun-

thausen and Stittsmat at halfbacks are young, fast and smart. Coyne at quarter, Kolber at center, and

Hastings and Malloy at tackles are new men who have peppe up the college squad greatly." Only nine of Coach Simonich's 24 let-

ters are now enrolled in Miss Dale Whittemore was the

Girls, don't be afraid to take up spare moments include Phyllis Wiholm, Margaret Weber, Judy Harris, Barbara Gumm, Hazel Doan, Barbara Grim, Betty Pel- kington, Katherine Hinshaw, Maria Thometz, Margaret Burns and Lisa Clara Omin, dean of women.

Head women were guests at Boise Junior College a cappella singing as how zoology lab comes in.

That's all for now. If you hear any good gossip start shouting and I'll be sure to hear.

B.J.C. is glad to see Cliff Bram- diel here for our football team. We hear he is just plenty.

Another addition—a very good dancer is Forrest War- rington. Next time he comes you can't wait to watch him. Zip Hawley finally got wise.

Of course, you can drink, but don't be afraid to come to the Mixer. It's the most fun of all the dances and you can do all the dancing you want.

All these good looking young men aren't heart- less—or are they?
