

Fallen angels in the bawdy houses. Migrants barred from Main Street. Homesteaders driven from homesteads when August rained black storms of dust. *The Other Idahoans* recovers their hard-luck stories. Volume 7 of Boise State University's prize-winning research series, the book closes with a driving tour of storied places from history's underside.

*"The vulnerable and marginalized helped build the Boise Valley. The Other Idahoans, in recalling their lives and labors, enriches our understanding of the cities we inhabit today."*
