CONGRATULATIONS to the
Class of 1958 . . .

THRESHOLD OF TOMORROW

Today we are living a moment of history tremendous in its potential for undreamed adventures in world progress—or for total human disaster! No generation ever faced opportunities so vast, or problems so sternly demanding educated decisions.

America of 1958 is at work on a crash program of planning and production. Its objectives are national security, world peace, the preservation (or restoration) of all the sacred human rights for people everywhere.

Although the pathway to these worthy goals may seem at times to lead close to the brink of chaos, let no one sell this nation short! Skilled, consecrated hands will guide us through the crises. Peace will be won by constructive means.

Our future rests upon the youth of America—young men and women in thousands of classrooms and laboratories, the compounded wisdom of the ages at their fingertips. Their insight and vision will match the magnitude of tomorrow's glowing promise of a bountiful and more altruistic world.

BOISE, IDAHO

YOUNG AS YOU ARE . . .

It is Later Than You Think . . .

There are few students of junior college age who would give much thought to the fact that age has ALREADY started to take its toll in certain relentless ways. Already it costs you more to get into shows . . . and, already it will cost you more to put a low cost Idaho Mutual life protection in force. This is the famous mutual benefit policy that offers SIX BENEFITS. If arranged for at age 15 the annual premium cost would have been only \$14.02 for each \$1000 of insurance. If you delay till age 20 the cost is \$15.22. The younger you are when you get it, the LESS IT EVER COSTS. The longer you delay the more it will cost. Act NOW — Save ALWAYS . . . Look NOW for your Idaho Mutual man.
