

KEYNOTER

Boise State University Association of Office Professionals

PRESIDENT'S MESSAGE

Well, another year has passed and this will be my last article for the Keynoter as President of BSUAOP. I would first like to thank the members of the executive board, all of the committee chairs and everyone who has served on a committee and all of the members of BSUAOP. Our success throughout each year is dependent upon all of you and your involvement. The more people who become involved in our organization, the greater our success.

WE BECOME WHAT WE ENVISION

I know our incoming President, Linda Hamson, and her executive board will lead us into another great year and I'm looking forward to serving as Past President of BSUAOP. I encourage each of you to look for ways in which you may become involved in BSUAOP.

Lastly, I hope everyone has a relaxing, fun and safe summer. As for myself, I will be leaving soon for Montana to spend six weeks with my family and its my favorite part of the year!

I look forward to seeing everyone again in the fall at our Professional Development Day. Take care and again, thank you for your support.

MEMBER REPRESENTATIVES

I started work at Boise State on Nov. 1, 1990. I was hired as the secretary for the Associate Chair of the Teacher Education Department in the College of Education and am still working in the College of Education as the Administrative Assistant in the Curriculum, Instruction and Foundational Studies Department.

As far as my history goes with the BSUAOP, I was not active for the first 15 years I worked at BSU, I would occasionally go to an event with Suzan Raney or Leslie Black as we worked together many years in the COE. In 2005 we had series of challenges both in the department and in the College and I was feeling very overwhelmed and unenthused. Leslie invited me to attend the Professional Development Day that year and I found it to be very uplifting and therapeutic for my current situation and I decided that I needed to take a second look at the organization. Since that time I have become increasingly involved with BSUAOP serving these last two years as a member representative. I have enjoyed it a lot and have gotten to know more about the organization and met lots of wonderful people. I have grown to appreciate the supportive and mentoring aspects of BSUAOP as well as all the growth opportunities and fun activities. I am planning on being supportive the their endeavors in any way I can over the next few years as I look forward to retirement.
