SHARED LEADERSHIP LEARNING & DEVELOPMENT Jerri Mizrahi

Applications are now being accepted for the 2012-2013 Shared Leadership program that will help participants gain a better understanding of the people, various functions and operations of the university.

Shared Leadership provides Boise State faculty and staff with the information they need to become active participants in the university. By combining practical leadership tools with an in-depth view of the university's processes, Shared Leadership equips participants with the means necessary to make a significant contribution to the campus community and their individual departments.

The Shared Leadership program will:

- Combine practical leadership tools with a corresponding campus/community activity or speaker in every session.
- Provide participants a number of opportunities to take part as leaders, in either real or hypothetical situations.
- Foster an atmosphere of collaboration and enjoyment so that partnerships and friendships may be established and an exchange of leadership experiences may take place.
- Allow participants to learn leadership skills and styles from a mentor inside or outside the campus community.

Participants must meet the following criteria to apply:

- Hold a 20+ hour per week position at Boise State University
- Have the interest and intent to continue as a Boise State employee for the next two years
- Share a commitment to Boise State
- Receive supervisor's approval

CONVERSATIONS WITH CAREGIVERS
Benefits Administration

The Boise State community is invited to attend the May 23 meeting of the Conversations with Caregivers group from noon-1 p.m. in the Student Union Building / Boyington Room. Feel free to bring a brown-bag lunch with you.

Our guest speaker is Denice Goodrich Liley, Ph.D. CSW- G and faculty in the School of Social Work. Dr. Liley is a licensed clinical social worker with a specialization in gerontology and has over 20 years of clinical work practice in aging and end-of-life care. Her presentation will address care provider stress, grief, and bereavement.

Conversations with Caregivers is an informal opportunity for faculty and staff to share experiences and insight related to providing care for elderly parents, whether in your home, their home, at a distance or in a care facility. Although the group's focus is elder care, some of the information and sharing is useful in caring for those who are not elderly.

All are welcome. There is no need to RSVP and no charge to attend. Contact Mary Naccarato at 426-2044 or mnaccara@boisestate.edu if you have questions.
