ISS Staff Spotlight!

Nhu Lam (Mila)

I am an international student from Vietnam. I am majoring in Chemistry with emphasis in Biochemistry and with a minor in Biology. I have been studying at Boise State University for two years and started to work at International Student Services since August 2013. I speak English and Vietnamese fluently. I love watching crimes and investigations, so I would love to involve in something relating to that area in the future. Besides that, dancing and singing are my other interests. There are a several things I like when working at ISS: the warmth of love which is from ISS staffs has given the feeling of a real family; meeting international students has given me a lot of

valuable cultural experiences as well as has expanded my connection to all the friends from different countries, and it is very fun at ISS.

A LEADERSHIP OPPORTUNITY FOR YOU! DON'T MISS OUT!

- Organize and sponsor extra-curricular activities and events such as the annual International Food Song & Dance Festival (ISA's signature event)

This is great experience for you, and it looks good on your resume!

The Boise State Refugee Alliance is involved in creating public events to enhance communications between refugee students and Boise State University faculty and staff and beyond.

It works to raise university awareness, as a concrete tool for helping refugees in their everyday educational challenges in a new location and situation.

The group discusses issues of refugees in the Boise State community, through events, Facebook group as well as in the public media and Boise State website.
