

Congratulations!

Dr. Bo Shen

Editor-in-Chief of the IJPAH

(International Journal of Physical Activity and Health)

Jan 1.2024 – Jan 1.2027

Dr. Bo Shen holds a tenured full professorship in the Division of Kinesiology, Health, and Sport Studies at Wayne State University, alongside a distinguished visiting professorship in the School of Physical Education at Central China Normal University. As a research fellow of the Society of Health and Physical Educators (SHAPE America), he currently serves on the editorial board of the Journal of Teaching in Physical Education. Dr. Shen has chaired the Special Interest Group (SIG) for research on learning and instruction in physical education at the American Educational Research Association (AERA) and served as the president of the International Chinese Society of Physical Activities and Health (ICSPAH).

His research centers on students' motivation, curriculum and instruction in physical education, physical activity intervention, and adapted physical education. Dr. Shen has presented at over 130 national and international conferences and has authored more than 90 data-based research articles published in leading education journals, including those focused on physical education. His research has received funding from prestigious entities such as the US Department of Education, the US Consortium of Humanities Centers and Institutes (CHCI), China National Natural Science Fund, and Social Science Fund. Dr. Shen holds the distinction of being the inaugural recipient of the Helen M. Heitmann Young Scholar Award from the Curriculum and Instruction Academy of the National Association for Sport and Physical Education (NASPE). Additionally, he has twice been honored with the Exemplary Paper Award at the SIG of research on learning and instruction in physical education at AERA. Dr. Shen has received the research writing award from the research consortium of SHAPE America and the distinguished research award at the Division E-Human Development at AERA.
